

FARMERS SHOW INTEREST AT ZONE MEETINGS HERE

**WILLARD REESE BELIEVES THE
DAIRY BUSINESS ASSURED
IN MILAM COUNTY**

From all indications the milk products plant at Cameron will open on February 1 with a substantial supply of milk and within a short time thereafter the capacity of the plant will be supplied.

Zone meetings are being held this week and will continue to be held to bring to the farmers and dairy men the advantages of the ready cash market for milk.

At Gause on Monday night 43 farmers and interested citizens heard Mr. Reese outline the advantages of the milk plant and explain the profits to the farmers on sale of milk. Dr. G. E. Sutton also made an interesting talk along the line of giving information to dairy farmers.

Indications are that Gause will be one of the leading communities in the production of milk as the community already has an unusually large number of good milk cows.

At Rosebud Saturday Mr. Reese talked to a large number of farmers. At Lott Tuesday the matter was placed before the farmers. Wednesday night Mr. Reese met the people at Maysfield for a discussion of the plant.

Friday at 2 p.m. Mr. Reese will go to Rosebud again and at Rockdale at 2:30 he will talk to farmers. Saturday night he will go to Davilla.

He met with signal encouragement when he met with the Thorndale Commercial Club last week.

The purpose of these meetings are to encourage farmers to buy cows and sell milk. All phases of the business are explained to the farmers.

AGED CONFEDERATE IS BURIED JANUARY 13

**B. W. ROBISON, 89, OLDEST MEMBER OF LOCAL MASONIC LODGE
DIES ON JANUARY 12**

B. W. Robison, 89, Confederate veteran and oldest member of the Masonic lodge in Cameron, died at his home in the Rice School House community Saturday morning, January 12, 1928.

Funeral services for the dead confederate were held Sunday afternoon, January 13, 1928 from the residence, conducted by Rev. H. G. Kenney, pastor of the First Presbyterian Church of Cameron.

The Masonic burial rites conducted by members of San Andres Lodge of Cameron were held at the grave of the veteran. He was the oldest member of the lodge having been a member for sixty-four years. Interment was in the cemetery near his home.

He had planned a reunion of the family when his birthday should come this spring but death claimed him. Relatives living at widely separated points over the country were to have attended.

Pallbearers were Judge Jeff T. Kemp, Judge John Watson, J. L. Barmore, J. W. Haygood, John Nicholson and H. E. Garner.

Mr. Robison was a native of Alabama. He was born in March of 1840. He was a veteran of the war under Nathan Bedford Forrest, the South's great cavalry leader. He was a member of Company H 53rd Alabama Cavalry.

At the time of his death he had been a member of the Presbyterian church for 58 years. He is survived by his widow and seven children, six sons and one daughter, all of whom were present except two sons, one in California and the other in West Texas, who could not attend the funeral.

18 Years for Negro Who Slew With Axe

John F. Wellen, negro axe murderer, was given 18 years in the state penitentiary on conviction in district court by a jury Tuesday.

The negro was charged with killing Chas. Harris, another negro near Branchville in October of 1928.

The case attracted wide attention among the negroes of the county and for days the court room was thronged with witnesses and spectators.

The case was called for trial Thursday February 10, the jury being selected Saturday and evidence began.

Arguments were concluded in the case Monday afternoon. Attorneys Roy Baskin and S. M. Burns represented defendant by appointment of the court while the state was represented by Jack Lewis, district attorney.

No eye witnesses to the murder have been found, the evidence being of a strong circumstantial nature. So far as known the negro has never discussed the matter with anyone at length, although evidence of a convincing nature was introduced and his sentence resulted.

The Young Matron's Bridge Club met in regular session Friday afternoon with Mrs. Geo. Childress as hostess.

MILK PRODUCTS PLANT OPENS FEBRUARY 1

IKE M. HEFLEY BURIED AT JACKSON, TENN.

**FUNERAL SERVICES AT FIRST
METHODIST CHURCH TUES-
DAY AFTERNOON**

Ike M. Hefley, 70 years of age, one of Jackson's best known residents, passed away Sunday afternoon at 5:30 o'clock at the Memorial Hospital following a lengthy illness from kidney complications. Mr. Hefley was born and spent his early life in Lexington, Henderson county, and was the member of a prominent pioneer family of that section. He came to Jackson many years ago and had a wide circle of friends in this city and the surrounding section who will learn of his passing with deep regret.

He is survived by his wife, Mrs. Lula Malone Hefley and two sons, Ike S. Hefley of Birmingham and Ben F. Hefley of Miami, Florida; four brothers, Sam and Hubert of Cameron, Texas; John of Sterling City, Texas and Frank of Oklahoma; one sister, Mrs. J. B. Rector of Shreveport, La., one grandson, William, of Miami and two granddaughters, Carolyn Porter of Jackson and Lou Francis Porter of Texas.

Mr. Hefley was a Methodist in belief and funeral services will be held Tuesday afternoon at 3 o'clock at the First Methodist church by Rev. L. L. Cowen and interment will follow in Riverside cemetery.

The following pallbearers are requested to meet at 2:30 o'clock Tuesday afternoon at the Griffin Funeral Home:

Active—W. A. Caldwell, Neal Johnson, Will Lane, Max Hooper, John Lancaster and Dr. C. A. Sevier.

Honorary—Judge C. G. Bond, John Burnell, R. S. Fletcher, Dr. Chas. A. Tavel of Memphis, Dr. W. C. Duckworth and Luther Mathis.

Tribute to Deceased
The following tribute to the deceased was paid by his friend, Dr. C. A. Sevier, today:

"When the cardinal sang this morning for the first time this new year, there was one who noticed such things that heard him not. Perhaps the most popular man Jackson has known in 40 years, Ike M. Hefley, Sr., known and loved by the sunshine he carried with him always, passed on, just as the sunlight faded from the world he loved so much Sunday evening.

"Many there be who genuinely sorrow at his going, knowing they will see his like no more for ever.

"Mr. Hefley was about the most widely known citizen of Jackson in all contiguous counties and knew the family histories of nearly every one in those counties. He was a man that had strong ties of friendship and nothing was too much to ask of him if he considered one his real friend. He loved the open spaces, was fond of outing in company with congenial friends and his merriment kept them in good humor always.

"Many are they who will miss his genial personality and long remember and quote his philosophical pleasantries.

"He was born in Lexington, Tenn., Nov. 13th, 1858, and married Miss Lula Malone of Holly Springs, Miss., who afterwards was a druggist of Jackson, Tenn., in 1886 and their devotion during that 42 years has been as pretty as a romance of fiction."

The above was taken from the Jackson daily newspaper and is an appreciated tribute to the late Ike M. Hefley. In Cameron friends of Hubert W. Hefley and Sam Hefley, will read with sorrow and sympathy of the death of their brother at his old home in Tennessee. Ike M. Hefley was an interesting and influential figure in his state and his citizenship was appreciated as that of Hubert and Sam Hefley is appreciated in Cameron and Milam county. Hubert Hefley visited his brother at Christmas time. He died shortly after his return here. Sam Hefley, member of the Texas Legislature, attended the funeral of his brother.

180,000 Pounds Pecans Shipped From Cameron

Here is a most unusual discovery. This paper has just learned that 180,000 pounds of commercial pecans were shipped from Cameron this season.

They were native pecans and based on the price thought to have been paid the pecans netted approximately \$18,000.

These pecans came from native trees that have grown up in the county. No pecan orchards are to be found here, but more attention is being paid to pecans each year and in a few years this will be one of the big money crops of the county.

PASTEURIZED MILK FOR HOMES OF CAMERON

**SAVING TO PEOPLE WITH SAFE
SUPPLY IS PLAN OF
COMPANY HERE**

Pasteurized milk for the home at 13c per quart is announced as a feature of the opening of the American Milk Products Plant here on February 1, according to Willard Reese, manager.

Practically all the milk men now charge 13c per quart. Some customers pay 15c per quart.

The plant will operate trucks. Strictly cash will be the basis of sale. The trucks will deliver the milk to the homes.

It is pointed out that the plant will not interfere with the local dairies as they can find a ready cash market at the plant for their milk and thus be relieved of the delivery and credit system.

Allotment Made For Topping Buckholts Gravel Highway

An allotment of \$26,500 has been made by the highway commission to top with asphalt the road from Pettibone to the Bell county line through Buckholts.

The appropriation is conditioned on the county securing an additional 30 feet for the road bed, making the highway 80 feet wide.

John E. Blair, district engineer was here this week to go over the matter with Judge Jeff T. Kemp. The road will go through Buckholts main street if it is found possible to satisfy the engineers about the short turn at the west end of the main street.

Approximately \$14,000 will be expended for material it was said to complete the contract in addition to the \$26,500 appropriation. The additional 30 feet of land across the county will cost the county a great deal of money.

Cameron Banks Will Aid Farmers To Buy Cows For Milk Trade

Willard Reese, manager of the American Milk Products Company of Cameron, says that he has discussed matters of finance with Cameron Banks and they will co-operate in every way possible with the farmers to aid them in buying dairy cows.

Men who are in earnest and know something of the needs of the business to make it a success, can get accommodations, it was said by Mr. Reese here today.

Little time has been found by farmers to turn away from cotton sufficient to devote a little time to cows, and as a result only a limited number of cows of the better grade are available for the milk supply.

It is pointed out by Mr. Reese that in many instances the banks have bought cows and made arrangements to take care of the milk receipts on monthly installments sufficient to retire the debts.

At Roundrock cows were purchased and sold on this basis by private parties. Today, says Mr. Reese only 8 cows will remain unpaid out of the shipments and the indebtedness on these will not exceed \$50.

Judge Few Brewster of Temple will exchange benches with Judge John Watson next week on account of Judge Brewster being recused in some criminal cases in his court at Belton.

Do You Want to Sell Whole Milk?

If you do, fill in and mail the following blank to The Cameron Herald. This information will be placed with the proper authorities on milk production and you will be given every aid possible in buying cows and in marketing your milk.

How many milk cows will you have February 1 _____ ?
Estimated number of gallons milk they will produce _____ ?
If price is sufficient will you deliver to Cameron _____ ?
Do you want to buy more cows _____ ?
How many _____ ?
Do you wish to have the whole dairy business more fully explained _____ ?
Name and initials _____
Address _____, Texas.

WILLARD REESE RISING RAPIDLY IN CHOSEN WORK, PARALLELS IN ROMANCE, BIG INDUSTRIAL HEADS

By J. B. WHITE

This is the story of a Cameron boy who went away to school and had his battles, won them and now is rapidly rising in a growing industry.

Not only is he rising with success in a major industrial effort but if he continues, he will be able to look back in a few years to a life work of great benefit to mankind. Pioneering in the field of dairying and milk products is as fascinating as it is beneficial.

Willard Reese, manager of the American Milk Products Company of Cameron which will open for business on February 1, is an interesting study. His story was hard to get because like all sensible young men he had rather talk about his work than about himself, but this writer penetrated.

While yet in his teens he left Cameron in 1925 for Baton Rouge, Louisiana to enter the Louisiana State University which also combines the Agricultural educational efforts of the state. He arrived in the Southern city with 95c. He wanted an education and was determined to get it. How far he succeeded cannot yet be measured. His studies were often cut short by necessity, but that is another story.

He had some definite things in mind. He wanted to graduate in petroleum engineering, but circumstances and fate directed his mind to other channels.

Mr. Reese took a position in a drug store to aid him through school, but soon found he could not support him-

"Heretics Trailblazers of Man's Immortal Pilgrimage," Kenney Declares; Church is Thronged

By J. B. WHITE

Written for Houston Chronicle

Conformity and ponderous theological entailments and standardized thinking are doing more today to level out the intelligence of mankind than any of the problems with which the modern mind is grappling to present the Eternal Christ declared Rev. H. G. Kenney in his pulpit at First Presbyterian church here Sunday morning.

A narrative from St. Mark detailing the account of how Jesus and his disciples going through the fields of grain on their way to worship incurred the rebuke of religious leaders because they took and ate on the Sabbath furnished the background of Dr. Kenney's discussion of the subject of the sermon, "Things that are Crushing Christ."

"Jesus was pitched out of the Temple," he said though he and his disciples had done nothing that constituted wrong in the eyes of Christ.

"And he spake to his disciples, that a small ship should wait on him because of the multitude, lest they should throng him," was the text taken from the third chapter of St. Mark.

To take from this text anything save the historic event that translators sought to establish is to be classed a heretic he declared though placing Christ always in an historic setting has done much to obscure him as the eternal Christ. "The world is not concerned about the historic side of the question but men everywhere are vitally interested in the principles and the embodiment of character that is found in the revelation of his life.

The multitude that pressed about Jesus, he said, no doubt with the uniform belief that in so doing were paying him the greatest tribute of which men were capable furnishes an example of formality in worship today that has no meaning save in the gratification of a fictitious regard for him.

I am not sure that Bruce Barton is right in his book which offers a possible interpretation of Jesus as an advertiser, nor am I sure that theology with its ponderous entailments has ever made any contribution to an understanding of Jesus of Nazareth. Men everywhere are tremendously interested in the eternal Christ but not in the historic Jesus with the incidents that have no meaning or application to the life of the 20th century.

"John Calvin, a brilliant writer who has recently discovered new characteristics of the man, declares, had a marvelous mind, but too much given to a research of dogmas and doctrines and not enough to the things that vitalize Jesus and present him to men to inspire them to emulate his character as it must inevitable touch the lives of men. In spite of the security in which Calvin now rests because of the multitude of obscuring doctrines, I know that in the final analysis he must stand the acid test of judgment among men not because of them but in spite of them," he declared.

The church was crowded Sunday when Rev. Kenney rose to speak. Attracted by the charges of heresy made against him, people from over the city and from outside the town, filled the pews.

"I feel gratified at the outcome of the meeting of the Presbytery," he said. "I was not sure on last Sunday (continued on last page)

FIFTY THREE CENTS FOR BUTTERFAT ANNOUNCED

**22,000 POUND CAPACITY PLANT
WILL BRING BIG ANNUAL
SUM TO FARMERS**

The big 22,000 pound capacity plant of the American Milk Products Company of Cameron will be opened for business on February 1st, according to Willard Reese, manager, who is pushing with all possible haste the setting of machinery.

The opening of this plant is regarded here as the greatest development in the history of the city for prosperity on the farms of Milam county.

An interesting survey has been made of the prosperity effects of similar plants in other portions of the United States.

When the plant here opens on February 1 the management will pay 53 cents per pound for butter fat or about 24 1-2 cents per pound for milk.

Mr. Reese on his recent visit to Mississippi went to the Borden plant at Starkville on pay day for October and for that month they paid to the farmers \$92,500. The Borden plant was established there in 1924.

Over at Tupelo, Mississippi, the Carnation Milk Company with "Milk from contented cows" paid out in October \$122,000. This money was distributed among the farmers for that month. At Starkville the peak production brought \$150,000 for a single month.

These figures represent two plants. At Birmingham, Alabama, a short distance away is located one of the largest milk plants in the country. There are also local plants and cheese factories.

That section was a cotton area and before the coming of the milk plants with their every day cash for milk, there were no roads, no cows, no prosperity, no cars and generally the country was in a deplorable condition.

Paraphrasing the famous epigram, "Civilization Begins and Ends with the Plow," a large sign over the Carnation plant at Tupelo has these words: "Prosperity Begins with the Cow."

Over at Marshall, Texas, one sees this sign: "The Land of Milk and Money."

The capacity of the plant here is 22,000 pounds of milk per day. Mr. Reese hopes for 5000 pounds on the opening day.

Cash will be paid and there will be a market every day for milk.

According to Mr. Reese 700 cows will be required to feed the plant to capacity. Based on the average cow this will give the plant 18,000 pounds of milk per day.

The product of the plant will be cheese, Bulgarian butter milk, Pasteurized milk and also butter.

THOMAS J. SLAVIK IS BURIED JANUARY 11TH

**POPULAR AND WELL KNOWN
YOUNG MAN DIES AT
AGE OF 29 YEARS**

Thomas J. Slavik, aged 29 years and 4 months died at the family residence near Marak January 9, 1929 at 5 p. m. following a long period of declining health.

When news was received of the death of Mr. Slavik there was universal grief as he was held in high esteem here as well as in the community in which he had been born and reared.

Funeral services were held Friday, January 11, 1929 at the Catholic church at Marak with Rev. Father K. Kacer in charge of the services and Green Bros., directing the funeral arrangements. Interment was in the Marek cemetery.

Mr. Slavik was born and reared in that section and had many friends who will mourn his passing. He is survived by his mother, Mrs. Mary Slavik, and brothers and sisters as follows: Joe Slavik, Frank Slavik, Francis Slavik and Albina Slavik.

The pallbearers were Joe Slavik, Joe Pisek, Bob Slavik, Jerry Kostrom, Joe Kostrom and Lard Kostrom. The honorary pallbearers were Mary Pisek, Agnes Pisek, Josie Slavik, Agnes Slavik, Amelia Kostrom and Mattie Marak.

Considerable news matter was omitted because of small paper this week. News as well as advertising matter will not be accepted after Wednesday noon. The Herald must reach its readers on time.

Texas and Texans

By Will H. Mayes

Busy Times Ahead

It is evident that the present session of the legislature will be a most busy one if the legislators attend closely to the business that will be before them. The University oil lease matter will have to be ironed out and whatever final disposition may be made of it there is sure to be some dissatisfaction.

West Texas is not the only part of the State that is concerned about water rights legislation. It is very evident that the people of Texas want a law that will clearly give domestic consumers and irrigationists prior rights over power users, and they are going to be insistent in a bill without any jokers in it.

Austin is crowded with people interested in legislative matters and every one is doing his best to create the impression on legislators that his particular measure is the one of greatest importance to the State. The lot of the representative who is conscientiously trying to serve the people of the State is by no means an easy one.

Railroad Expenditures

Texas railroads are spending a great deal of money now on the improvement of their lines throughout the State. They are having to keep a somewhat uneven pace with the development of public highways. The Cotton Belt has spent in the last year more than \$2,000,000 on its line from Tyler to Mt. Pleasant and announces that it will spend about \$5,000,000 more this year in rebuilding its trackage. Other roads are busily improving their lines and all of them are expecting an increased Texas business in 1929.

Helpful Moisture

Mother Nature has started in the New Year by being good to Texas by providing an abundance of snow and rain in most parts of the State and distributing it in a way to do the most good. Copious slow rains have fallen in most parts of Texas starting the grain crops off well in their growth and enabling the farmers to do their winter plowing to best advantage. Every indication is that 1929 is to be the "best yet" for Texas.

Showing Trade Growth

The San Antonio Chamber of Commerce has been keeping data on the mileage traveled by retail buyers who go to San Antonio to buy their stocks and finds that it is increasing. In 1923 the average distance traveled was only 87 miles while in 1928 it had increased to 220 miles. These figures show that the people travel far to trade in San Antonio. Perhaps every progressive city and town in Texas could make a like showing. People now go long distances to get to trade with merchants who show that they are anxious to extend their trade. It's the non-progressive, self-satisfied, non-advertising burg that is passed up by the thousands who go out bargain-seeking with those who let them know they are offering inducements to broaden their business.

Abilene Wants Airport

San Angelo having formally dedicated an airport, Abilene is now pro-

posing a \$100,000 bond issue that it may build a municipal airport. The increased interest in flying will soon require every place to have suitable landing fields. It is freely predicted that Texas towns of 10,000 and more population will soon have air mail service, provided they arrange for municipal landing fields. Notwithstanding the fact that Austin had two private airports, that city was required to acquire a field of its own as a condition to air-mail service. The reduction of air mail postage to 5 cents is rapidly increasing the air-mail business everywhere.

Onion Crop Increased

The Texas Bermuda onion crop has been increased 15 per cent this season or to nearly 20,000 acres. The crop is in fine condition and gives promise of an unusual yield. In the last ten years onion growing in Texas has become an important branch of truck farming, experimental growing having started about ten years ago near Laredo.

Texas Needs Industries

Nearly every chamber of commerce in Texas has made a public statement that the greatest need of its community for 1929 is more industries. It is recognized that for a place to prosper its industries must keep pace with farming development yet there are but few Texas localities where this has been accomplished. Officials of the chambers of commerce should look about to find just what special industries can be best developed in their immediate sections and then set about vigilantly to promote them. The trouble is that there is too much "pot-

shotting" in the matter of securing industries, the result being that little or nothing is accomplished.

Cheese Factories

The two Texas towns that were first to secure cheese factories last year showed how to go about getting industries. The places were Round Rock and Buda, both mere villages, near Austin. Cheese factories do not require much initial outlay—\$15,000 or \$20,000—but they stimulate dairying and that scatters money thruout a community. These small towns built cheese factories because they were able to build them, instead of wasting their efforts on industries that cost a half million dollars and which were beyond their means. Round Rock and Buda will be ready to undertake something else worth while this year, having succeeded with their cheese plants.

Kerens Gets Gas

Kerens is among the smaller cities that announces that it will soon be supplied with natural gas. There is such an abundant supply of gas in Texas and natural gas gives such an ideal heat, that it seems every town would busy itself in securing this great convenience and comfort to modern life.

Paper Waste

School children at Cisco will collect all the old papers and magazines in that city and sell them to get money to assist in building a school gymnasium. The paper brings about \$90.00 a carload. There is hardly a town in the country in which a carload of paper could not be gathered almost any time by systematic effort. Schools everywhere would profit by having an

annual or semi-annual paper gathering and at the same time would help housewives to keep their places cleaner. The needless paper waste of the country runs into millions of dollars.

Useful Man Gone

When A. B. Spencer died Texas lost a useful man. His father was a railroad man who had suffered financial reverses. Young Spencer was trained to the railroad business and coming to Texas in early life he became a station agent at Childress. Later he was the leading factor in the building of the Lubbock and Crosbyton railroad, now a part of the Santa Fe. He served as president of the West Texas Chamber of Commerce. He gave of his time, his intellect, his strength to the building of Texas and did his work unselfishly. Such men are few.

Save The Painted Rocks

The town of Paint Rock, near which are more than 1000 rocks painted in pictographs by early Indians, is taking steps to save the paintings from destruction at the hands of thoughtless persons who scratch and otherwise deface the pictures. These pictographs are a part of Texas history that should be preserved.

NOTICE TO CONTRACTORS

Sealed bids for making certain repairs to Bryant Station Bridge over Little River will be received by the Commissioners Court of Milam County until 10:00 o'clock a. m., January 17, 1929 and will be publicly opened

and read.

Proposals and detail plans of the proposed work can be secured from A. F. Mitchell, County Engineer at his office in Cameron, Texas.

A cashier's check for 5 per cent of the amount of the bid must accompany each proposal, and the check

must be made payable to Jeff T. Kemp County Judge, Milam County.

Proposals should be filed with Giles L. Avriett, County Auditor and marked proposals for repair work on Bryant Station Bridge.

GILES L. AVRIETT,
Auditor, Milam County

Improved Uniform International

Sunday School Lesson

(BY REV. P. B. FITZWATER, D.D., Dean
Moody Bible Institute of Chicago.)
(© 1928, Western Newspaper Union.)

Lesson for January 20

CHRIST THE SAVIOR

LESSON TEXT—Luke 15:3-7; Romans 5:6-10.
GOLDEN TEXT—And thou shalt call His name Jesus; for it is He that shall save His people from their sins.

PRIMARY TOPIC—Jesus Our Savior.

JUNIOR TOPIC—Jesus Our Savior.

INTERMEDIATE AND SENIOR TOPIC—How Jesus Saves Us.

YOUNG PEOPLE AND ADULT TOPIC—Christ, the World's Redeemer.

I. The Savior Predicted (Gen. 3:15; Is. 9:6, 7).

In connection with the fall of man and the pronouncement of judgment upon the woman, man and the serpent, and the announcement of the undying enmity which was to exist between the seed of the woman and the seed of the serpent, ultimate victory was predicted of the woman's seed. This enmity has continued all through the ages, even to the present time. On the cross of Calvary the final stroke was made which crushed his head (John 12:31; Heb. 2:14; 1 John 3:8). This announcement concerning the conquering One was the first gleam of the glorious gospel of Christ. A great victory was won, but at an infinite cost. The prediction of the Savior became more specific in Isaiah 9:6, 7. The eternal Son of God was "given" to the world, but He was "born" as a child.

II. The Savior Born (Luke 2:11, 30, 32).

That which had been predicted was historically fulfilled in the birth of Jesus Christ at Bethlehem. When Jesus was brought into the temple as a child, the Holy Ghost revealed to Simeon that this was the Messiah. He took the child Jesus in his arms and blessed God, declaring that he had now with his eyes seen God's salvation and that He was to be a light to lighten the Gentiles and was to be the glory of Israel. This appearance of the Savior was heralded to the shepherds by the angels as they ascribed to God the highest glory and announced peace on earth and good will to men.

III. The Savior Described.

1. He seeks the lost (Luke 15:3-7). This seeking of the lost is illustrated by the man leaving the ninety and nine sheep and going after the one which was lost, and his rejoicing over his success in finding it.

2. He died for the lost (John 3:14-17).

As the brazen serpent was lifted up in the wilderness by Moses, so Jesus Christ was lifted up on the cross. God gave Jesus Christ to die, to make an atonement for the sins of the world. All those who believe on Him receive eternal life and therefore escape condemnation. Christ's coming into the world was not to condemn the world, but to bring to it salvation.

3. He knows His own (John 10:14). As the Good Shepherd who seeks out the lost and gives His life for them, He has a definite knowledge of each one of them. Not only does He know them personally, but they in turn know Him.

4. He keeps His own (John 10:27-29).

Believers are Christ's sheep and because they are His sheep they hear His voice and follow Him. He not only gives unto them eternal life but holds them in His omnipotent hands. They are absolutely secure because no man is able to pluck them out of His hands.

IV. Some Blessings Received Through the Savior.

1. Physical strength (Acts 3:1-11). The healing of the lame man at the beautiful gate of the temple is a fine example of Christ's ability to heal the body. This man had been lame from birth. Because the life of Jesus Christ was brought into touch with him, he was able immediately to arise—strength came into his feet and ankle bones. Not only did he arise, but he walked and leaped, praising God.

2. Justification (Rom. 5:1-11).

The one who receives Jesus Christ is declared righteous. His guilt is removed and because he is justified, he has peace with God, the assurance that God loves him, and real joy in God Himself.

3. Christ is the Supreme Example to the believer (Phil. 2:5-10).

Because the Savior became incorporated with the race through the incarnation, He is able to impart life to those with whom He is identified. Furthermore, because He thus imparts life, the believer is able to make Him an example. He is able to express the same spirit of devotion and humility in giving himself in service instead of being served.

Spend Time With God

It is the failure to spend a definite, even though it be short, time each day with God that is the secret of all weakness, variability, and shallowness in our spiritual experience and service.

Man Alone Able to Think

Of all God's creatures man alone is able to think immortality. What Darwin called "the grand instinct" has survived for countless aeons the shock of bodily death.—Dr. S. P. Cadman.

COULD YOU HAVE BELIEVED IT?

If you positively knew you could have \$50.00 cash, a thorough business training, a good position and seven months experience if trained in a Byrne College as against no cash, no job or experience if trained in another school, which school would you attend? The answer is easy, but how are you going to convince yourself that a Byrne Commercial College has these great advantages? Here's how. Ask three students that have graduated in the combined course of bookkeeping and shorthand in any other school, if twelve months is not a fair average time to graduate in a school teaching Gregg Shorthand and 20th Century Bookkeeping, then ask three who have graduated in a Byrne Commercial College in the Famous Byrne Shorthand and Bookkeeping if four and one-half months is not a fair average time to graduate. Also get the catalogues of the other schools and Byrne's and compare their course of Bookkeeping and Shorthand and time required with Byrne. The Byrne student graduates in four and one-half months, the other in twelve months. Time saved by Byrne, seven and one-half months. Put the time saved by Byrne at a low salary and you will have earned from \$500 to \$700, and by the use of the famous Byrne Short- and one-half months training in a Byrne College why spend twelve months in some school not permitted to teach the famous Byrne system? Byrne scholarships are sold under a money back guarantee. Get the Byrne bookkeeping and shorthand in one-half the time and one-half the cost of others.

Byrne Colleges operate three free employment service departments for the placing of all their graduates. Write for catalogue today. Investigate, you are entitled to the best. Byrne Commercial College, Dallas, Houston and San Antonio. H. E.

LOST STRAYED OR STOLEN

Picked up in the road near my house in Battestown 2 very small female Fox Terriers. Any information about them will be thankfully received as they belong to my children who are very anxious about them. These dogs are valuable, worth more than \$50 each and anyone who steals them will be liable to prosecution. R. L. Batte, Cameron, Texas.

SHERIFF'S SALE

The State of Texas,
County of Milam,
Whereas, on the 16th day of November A. D., 1928, in a certain cause numbered 1001 on the docket of the District Court of said county, wherein the State of Texas is plaintiff and Henry F. Lippman, Bertha Lynch and Eunice Dill are defendants, the said plaintiff recovered judgment in the amount of Two Hundred thirty-five and 88-100 dollars for taxes, and legal

amount penalties, costs and interests computed thereon, together with the foreclosure of plaintiff's delinquent tax liens upon the property herein-after described as the property of the defendants, because of non-payment of the taxes due thereon;

And whereas, on the 4th day of January, A. D. 1929, by virtue of the said judgment and the mandates thereof, the Clerk of the District court of said county did cause to be issued an Order of Sale, commanding me as Sheriff of said County to seize, levy upon and sell in the manner and form as required by law the hereinafter described property as the property of

the above defendants, to satisfy the said judgment.

Wherefore, by virtue of the said Order of Sale and the mandate thereof, I did on the 5th day of January A. D. 1929, seize and levy upon as the property of the above defendant, the following property, to-wit:

98 1-2 acres of land on the David Gallagher League in Milam County Texas, and beginning at the N. W. corner of the Common 50 acre tract, same being the N. E. corner of the Vernon Russell 150 acre tract for the N. E. corner of this; thence with the N. line of the 150 acre tract S 60 W. 781 vrs; to a rock for N. W. corner

from which a P O brs S. 45 E. 18 vrs; thence S. 45 E. 738 vrs to P O for cor; thence S. 80 E. 124 vrs to stk in edge of gully for cor; thence N. 77 E. 300 vrs to a large post for cor; thence N. 45 E. 125 vrs to cor in the west line of the William Weiseland. thence N. 30 W. 130 vrs to N. W. cor of said Weise tract; thence N. 60 E. 68 vrs to a stake for cor; thence N. 30 W. 781 vrs to the place of beginning.

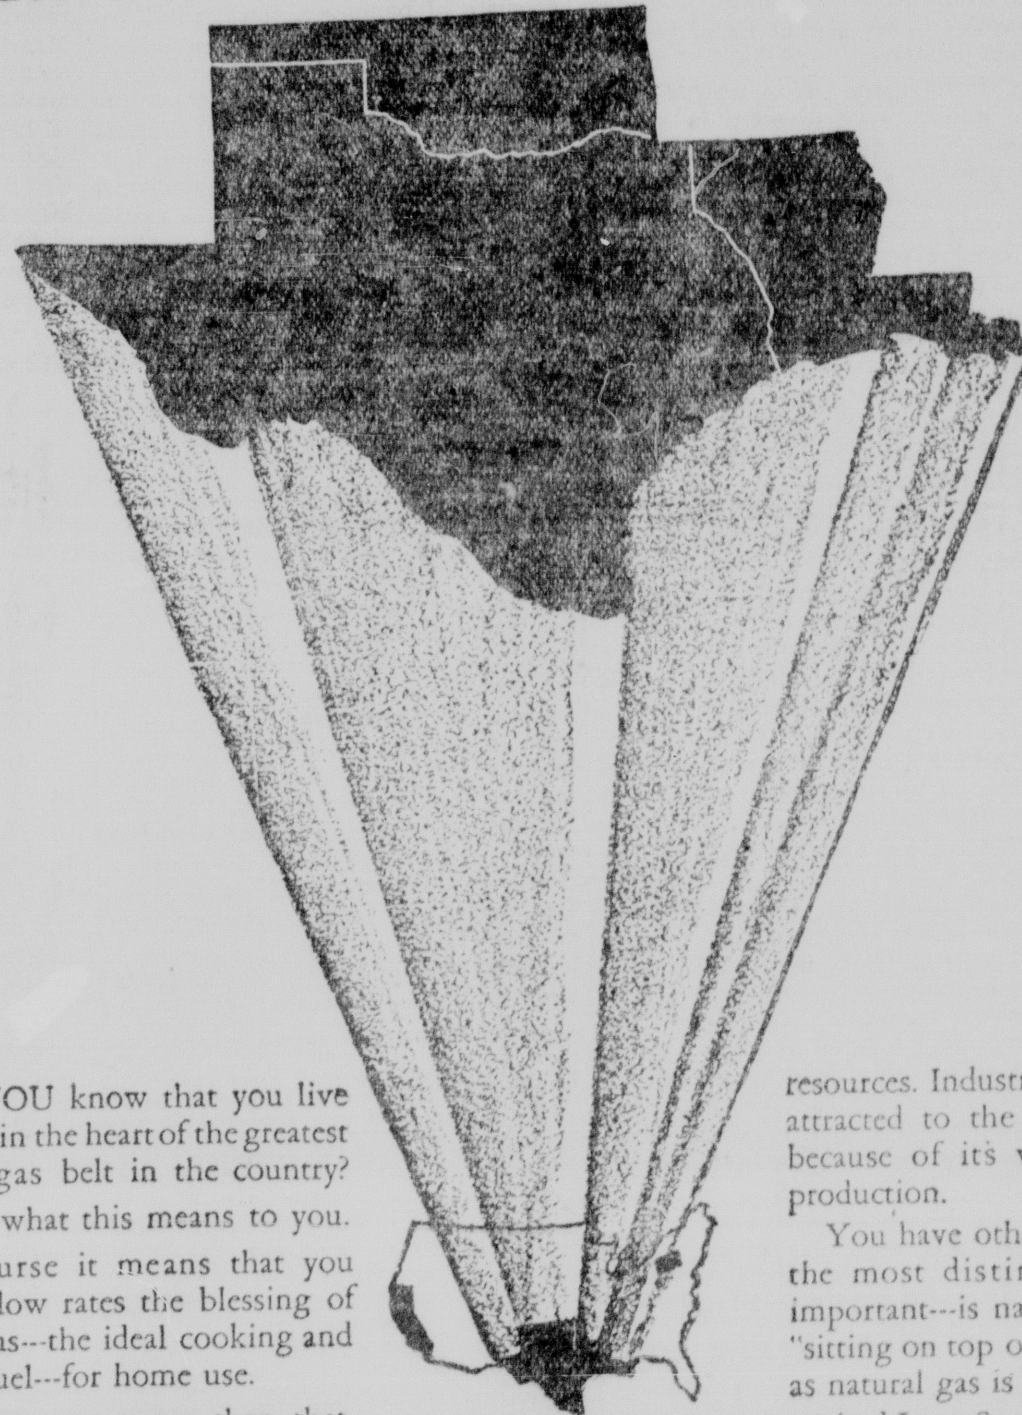

And I will on the first Tuesday in the month of February A. D., 1929, the same being the 5th day of said month, proceed to sell said property at the Court House door of said county, in the city of Cameron, between

the hours of 2 o'clock p. m. and 4 o'clock p. m., to the highest bidder for cash all the right, title and interest of the above defendants, in and to the above described property; subject, however, to the rights of the defendants, to redeem same in the time and manner provided for by law, and subject to the further rights of the defendants to have said property divided and sold in less divisions than the whole. And in event there are no bidders, said property will at said sale be bid off to the State.

L. L. Blaylock, Sheriff,
Milam County, Texas.
Will Vaughan, Deputy.

Your Community is in the very heart of America's Greatest Natural Gas Belt —and NATURAL GAS Attracts Industries — Builds Cities!

DID YOU know that you live right in the heart of the greatest natural gas belt in the country?

Think what this means to you.

Of course it means that you enjoy at low rates the blessing of natural gas—the ideal cooking and heating fuel—for home use.

But it means more than that.

It means growing communities, with constantly increasing property values, because this great natural resource of abundant natural gas attracts industries.

Heat is the heart of industry. Industry inevitably follows fuel

resources. Industry is already being attracted to the great Southwest because of its vast natural gas production.

You have other resources—but the most distinctive—the most important—is natural gas. You're "sitting on top of the world" as far as natural gas is concerned!

And Lone Star Gas Company, as one of the oldest, largest and strongest of the gas pipe line companies operating in the great Southwest natural gas belt, is always on the alert to make the rich resource of natural gas maximally beneficial to your community—and to you.

This map, based on a map published by H. J. Struth in *Natural Gas Magazine*, shows in black the principal natural gas producing areas of the country. The Southwest produces three times the amount of natural gas produced by the great California natural gas belt, and practically twice as much as the widely scattered eastern natural gas fields taken as a unit.

MARLOW

Rev. W. A. Criswell and Rev. Hill spent Saturday night with Sy Short.

We are sorry to report that there are several new cases of the flu.

Jim Harris and family of Curry spent Sunday with Mr. and Mrs. Ernest Walston.

Mrs. Minnie Lampkin and children of Cameron spent Sunday with Mr. and Mrs. Sy Short.

Frank Barrett of Yarrelton attended church at Marlow Sunday evening.

Among those who took supper with Mr. and Mrs. E. G. Coward Sunday evening were Mr. and Mrs. Virgil Coward, Mr. and Mrs. Jess Coward of Cameron; Rev. W. A. Criswell and Rev. Earl Hill of Waco; Miss Lennie Anthis, and Mr. and Mrs. Jim Coward and daughter, Wanda Lee.

Mr. and Mrs. E. E. Allison and family spent Sunday with Mr. and Mrs. Earnest Walston.

The B. Y. P. U. Day at the Marlow Baptist church last Sunday was a great success. Rev. Earl Hill, student in Baylor University of Waco, preached at eleven o'clock. After which a delicious dinner was spread and enjoyed by all. During the afternoon songs were sung and Rev. Hill, who is one of the greatest B. Y. P. U. workers in Baylor gave a very interesting as well as instructive talk on the subject, "B. Y. P. U. Work."

After more singing sides were chosen for a Bible contest. Questions pertaining to the Bible, beginning with Genesis, were asked by Rev. W. A. Criswell. They then adjourned for the remainder of the afternoon retiring at 6:30 o'clock for the weekly B. Y. P. U. program. "The Book, Unhurt by hostile Hammers," given by Avis Coward, group captain. Using five representatives of the Bible and two of the Hammer. Rev. W. A. Criswell then preached on "Youth."

EPISCOPAL CHURCH

Sunday, January 20th
Morning Prayer and Sermon at eleven o'clock.

Sunday School at 9:45 a. m.

JOHN B. VOGEL

John B. Vogel, son of Mrs. Cornelia Vogel of Cameron, died in McAlester, Oklahoma, January 12, at nine o'clock in the evening. He had been in ill health for more than a year and had been confined to his bed since November. Mrs. Cornelia Vogel received a message about ten days ago summoning her to him, and she was present when the end came. Burial was made in a McAlester cemetery.

Mr. Vogel was reared here, and had been in Oklahoma only since his marriage about fifteen years ago. He is survived by his wife and four children, Helen, Hildegrade, Jack and Betty Lou.

EXECUTIVE BOARD MEETS

The Executive Board of the Cameron Federation of Missionary Societies met at the home of Mrs. J. P. Love, Friday, January 11.

Miss Bess DuBois was elected superintendent of Social Service and Mrs. Howard Baskin superintendent of Religious Education.

The Federation will meet in quarterly session Tuesday, January 29, at the Christian church.

TRIPLE FOUR BRIDGE CLUB

At the regular meeting of the Triple Four Bridge Club Tuesday afternoon with Mrs. Claude Bradbury, Mrs. C. F. Green made high score and received a novelty pottery pitcher and Mrs. Clifton Jenness, who made low score was given a china oil bottle. Four games were enjoyed.

The hostess served a cheese salad, angel food squares, crackers and tea.

Guests other than club members were Mesdames Stanton Dossett, C. F. Green, Eugene Green and James L. Coleman.

T. N. T. Club Dance at The Country Club

Friends of the members of the T. N. T. Club are receiving the following invitations:

"You are cordially invited to attend the T. N. T. Club dance to be given at the Cameron Country Club. Please present this card at the door. We are expecting you. T. N. T. Club. January 26, 1929, 9 p. m. 'till 12 p. m."

Plans for the dance were perfected at the regular meeting of the club held Monday evening, at which time the president, Dean Allen, presided. Preston Graves and Robert Smith were added to the membership. Moulton Cobb, editor of the Cameron Enterprise, talked to those present on the rather broad title of Business. He was elected Master of the club.

BAPTIST SOCIETY

The Woman's Missionary Society of the Baptist church met in circles Monday afternoon as follows:

Circle one, no meeting. Circle 2, Mrs. Wm. Henderson. Circle 3, Mrs. John Denson.

The time was devoted to Bible study with the book of Luke the subject. Mrs. Henley acted as leader in circle 2 and Mrs. Denson in circle 3. There were ten present in circle two and five in circle three.

The ladies will meet in circles again next Monday for mission study, the hostesses being as follows: Circle 1 Mrs. R. G. Graben, Circle 2, Mrs. L. L. Blaylock, Circle 3, Mrs. H. R. Dobbins.

PRESBYTERIAN AUXILIARY

Members of the Auxiliary of the Presbyterian church met in circles Monday afternoon as follows: Circle 1 with Mrs. Jim Watson, Circle two with Mrs. Dan Tyson and Circle three with Mrs. G. E. Sutton.

Chapters three and four of the foreign mission study book were read and discussed and at the same time the ladies were doing their White Cross work for the Japanese hospital. This consists of bandages, towels, bed linens and other hospital necessities. Each auxiliary does a certain amount of this work, which is sent to the Presbytery and from there to the hospital.

Plans are already being made for the entertainment of delegates to the Central Texas Presbytery, which will convene in Cameron on April 4, 5 and 6. It is hoped that this will be one of the most profitable and enjoyable sessions that has been held in years.

TUESDAY BRIDGE CLUB

Miss Salie Kate McLane was hostess to the Tuesday Bridge Club this week at her home on West First Street. The four tables of players that gathered for the games included two guests, Miss Dallis Young and Mrs. John Muse. A bright fire burned in the large fireplace in the living room where the tables were set and in spite of the fact that it was bitter cold outside, everyone was reminded that spring is not far away because harbingers, in the shape of bowls of violets, were noted about the room.

It was announced that high score was made by Mrs. Dan Tyson and low by Mrs. Lloyd Mitchell. The hostess served a delicious party plate consisting of creamed chicken in

patties, a salad, sandwiches, olives, crackers and hot tea. Mrs. Gaston Barmore, a member of the club who is a recent bride, was presented a book of recipes by the club members.

Early Rome Is Study Course for Delphians

Members of the Delphian Chapter studied early Rome at their regular meeting Tuesday afternoon at the Ada Henderson building. The general theme was the Rise of the First Republic. Mrs. R. L. Batte presided and Miss Winnie Henderson was leader for the afternoon. The program was as follows:

Resums, Mrs. Floris Criswell.
Preparatory discussion:
The Significance of Rome, Miss Winnie Henderson.

Topics for report:
Italy in Prehistoric Times, Miss Winnie Henderson.

Rome, the Seven Hilled City, Mrs. Joe Denson.

The Age of Legend, Mrs. John A. Smith.

Inheritances from Regal Rome, Mrs. Joe Denson.

The Roman Republic, Mrs. Clarence Freeman.

The Status of the Plebeian, Mrs. W. F. Sharpe.

The Annexation of Northern Tribes, Mrs. E. A. Flinn.

The Subjugation of the Greek Colonies, Miss Winnie Henderson.

Early Roman Ideals, Miss Rose Rishar.

General discussion:
Living Past, Mrs. R. L. Batte.

Mrs. John A. Smith will be leader at the next meeting.

Triangle Bridge Club With Mary Burnett

Using ferns and white narcissus as decorations, Miss Mary Burnett was hostess to the Triangle Bridge Club at her home Monday evening. Mrs. Earle Burke was winner of high score, receiving a potted pink geranium and Mrs. Hilton Culpepper, who won low score award was given novelty table markers. Table favors in the form of handpainted vases in carnation design were successfully cut by Miss Grace Eplen, Mrs. Duro Jenkins and Mrs. Earle Burke.

At the conclusion of the games, the hostess served a salad plate with hot chocolate.

Mrs. J. B. White Heads The Worthwhile Club

Mrs. J. B. White was elected president and Mrs. Dan Gunn secretary of the Worthwhile Club in regular meeting Friday at the home of Mrs. Conn Miller. Mrs. Charles Pollard was welcomed as a new member.

The hostess directed her guests in various games, after which she served a salad plate and dessert.

ATTEND CONVENTION

Rev. J. P. Love, Mrs. Love, Mrs. George Graves and Mrs. R. P. Jeter attended adult sessions of the Annual Council of the Episcopal church in this diocese which was held in Waco, January 11-15.

Rev. Chas. T. Warner of Washington, D. C., was the preacher of the morning sermon on Sunday and Dr. Glazebrook of New York City addressed the evening congregation on the subject of Evangelism.

Cameron representatives in Waco at the annual meeting of the Young People's Service League were Charlie Knipp, Robert Love, and Thomas Graves. In addition to the business of the sessions, there were inspirational addresses by nationally known speakers and the happy social features so acceptable on such occasions.

WILL PIERSON

Will Pierson, aged 56 years, who lived at Wilderville died at his home Monday afternoon. He was buried at Power's Chapel Tuesday afternoon at three o'clock. Mr. Pierson was a merchant and a prosperous farmer. Judges Jno. Watson and Jeff T. Kemp and others attended the funeral from Cameron.

WEAK, NERVOUS

Got Stronger After She Had Taken Cardui.

"For some time, I had been having an awful time with pains in my back and sides," says Mrs. Robert Crensy, of Quin, Mo. "This awful hurting would come on me, and I could find nothing to ease the pain. I was very weak and nervous. It looked like the least little thing would upset me."

"I tried many remedies, but nothing did me any good until I started taking Cardui. Cardui proved to be all that was said of it. I took it for several months, regularly. At the end of that time, I was in good health, and have been so ever since."

Coleman & Eplen

When from out of the confusion of successive moments of sorrow during which your dearest ones have been laid away, you emerge, it is truly a most comforting thought to know that that sad event was most reverently and completely attended. We consider it our business, not by words of condolence, but by acts of thoughtfulness to be your most comforting friend during your hours of bereavement.

Misses Geraldine and Euline Slughter and Lois and Ruby Robbins spent last week end at Baylor College, Belton, the guests of Miss Cornelia Gunn. While there they saw Fritz Leiber in his performance of "Hamlet."

Mrs. A. L. Wadzeck, W. A. Casey and Harry Davis of Rosebud were guests Sunday afternoon of Dr. and Mrs. C. F. Gyllenband.

Tom Howell Jr., has returned to Austin after visiting his parents, Mr. and Mrs. T. A. Howell last week.

W. O. Newton was called to Jacksonville last week end because of the death of his niece, Evelyn Smith, who passed away on Thursday.

Members of the Ladies Aid of the Christian church did not meet Monday because of the prevalence of influenza.

Jinks Denson left for San Antonio last Monday. Mr. Denson is attending a radio parts school there. He will return this week end.

Mrs. W. O. Triggs had charge of the mission study program at the regular meeting of the Methodist church Missionary Society which convened at the church Monday afternoon. A good number were present in spite of much illness among members of the church family.

Mrs. Lee R. Tag is employed for the present in the office of the county clerk.

Fresh Garden Seeds at McLane's Grocery, call 205.

Mr. and Mrs. Ed Gavenda and daughter, Marie of Temple visited Cameron friends Sunday.

Lee Braun came home from Allen Academy last week end to visit his parents, Mr. and Mrs. W. L. Braun. Mr. and Mrs. Braun, accompanied by Miss Helen Blaylock drove him back to Bryan Sunday afternoon.

At a meeting of the Yoe High Dramatic Club held at the high school Tuesday night the following officers were elected for the ensuing term: Kenneth Rogers, president; Harvey Yoe, vice-president; Nancy Rae Slocomb, secretary; Robert Love, treasurer. Sponsors of the club are Misses Jolly Blanche Pitts and Fannie Lou Davis.

For dependable groceries at a reliable place, call McLane's, 205.

Mrs. Goodhue Smith and Goodhue Jr., of Waco were Sunday guests of Mrs. Rush Thomas.

Walter Thomas of Hearne, who has been in the Cameron hospital for the past two weeks as a result of an operation for appendicitis, was able to go to his home Tuesday. He is the son of Mrs. Geo. A. Thomas.

Mrs. Vernon McIntyre and daughter Janette of Alpine are the pleasant house guests of their parents, Mr. and Mrs. H. F. Smith, Sr.

Dr. W. R. Newton is convalescing from a very severe attack of influenza.

Mrs. G. W. Buller of Brookshire, who has been the guest of her daughter, Mrs. L. F. Gohmert, for several weeks, returned to her home Saturday.

Bennie Archer has been suffering from an attack of the influenza.

I have quite a lot of stock pen fertilizer for sale at 25c a load. For particulars see the Oil Mill. R. L. Batte.

Mr. and Mrs. Martin Kilian and daughter, Frances, spent Sunday in Austin visiting Mrs. Kilian's sister, Mrs. Grimmer, and her mother, Mrs. Jefferies. Mrs. Jefferies, who has been ill, is reported much improved.

H. C. Keith and Mr. Owens attended a Deleo Light convention in Fort Worth last week end.

Depend on the Ham House for fresh hams.

Mrs. Edwin Bigbee and two daughters, Beryl and Billie Lynne, returned to their home in Brownwood Sunday after being the guests of Mrs. Lottie Bigbee for several weeks.

Mrs. F. D. Stewart of Durango is visiting her daughters, Mrs. C. N. Green and Mrs. S. W. Cheeves.

Mrs. L. C. Gayle, who recently moved to Cameron from Santa Anna, has been ill this week with influenza.

Mr. and Mrs. Sam Hefley were called to Jackson, Tennessee, last week because of the death of Mr. Hefley's brother, an account of which appears in another part of this paper.

Mr. and Mrs. Charlie Kemp of Dallas are the guests of Mr. and Mrs. Jim Kemp.

Mrs. Floris Criswell of Buckholts visited Mrs. J. B. Rector in Shreveport, La., last week.

Mr. and Mrs. Hilton Culpepper, who recently moved to Cameron from Poplarville, Miss., are located with Mrs. Culpepper's parents, Mr. and Mrs. Wallace Moody, until they are more definitely settled. Mrs. Culpepper, who was Miss Irene Moody before her marriage, has many friends in Cameron who are rejoicing over her return.

Mrs. Bruce Henry and Mrs. Henry Cook of Rockdale were guests of Mrs. R. B. Brady last week end.

Mrs. Preston Laird went to Valley Mills Saturday to spend a few days with Mr. Laird, who is game warden for four counties in that section.

Mr. and Mrs. Archie Peel of Port Sullivan spent Sunday in the home of Mr. and Mrs. R. B. Brady.

Edwin Bigbee of Brownwood was a Cameron visitor Sunday.

Harry Jones of Hempstead was in Cameron last week to see his wife who has been very ill at the home of Mrs. W. I. Clark. Mrs. Jones and her baby have been guests of Mrs. Clark for several weeks.

Mrs. Grady Cooper has been quite ill with influenza.

FLOWER SEEDS—Those big zinnia flower seeds at McLane's, 205.

MAYSFIELD

Mr. and Mrs. Wm. Freeman entertained at a forty-two party in their home Friday night. The young people who were guests on this occasion were Misses Sarah and Kathryn Harlan of Branchville, Nell and Elsie Red, Ada Lee Massengale, Mary White, Mildred and Mary Ethel Massengale, Messrs. Archie Peel of Branchville, Rufus Baker of Ben Arnold, LeRoy and Ralph Massengale and Valter White.

Mr. and Mrs. Waits have been in bed with the flu.

Mrs. Ireland returned Saturday from a visit in the homes of her children in Smithton and Austin.

Mr. and Mrs. Wise are recovering from a spell of the flu.

Mrs. John Thweatt and little son and daughter, Wayne and Betty Jo, spent the day with Mrs. Floyd.

Miss Mary Emma Thweatt visited Miss Ruby Hightower of Walker's Creek recently.

Milton Floyd is up after an attack of the flu.

A party given in the home of Mrs. Baylor, Friday night was very much enjoyed by those present.

Miss Birdie Una Massengale is improving after a severe attack of the flu.

Mr. and Mrs. Hubert Atkinson had as dinner guests Sunday, the following: Mr. and Mrs. Powell Tyson of Rosebud; Rev. J. P. Kidd of Austin. Mr. and Mrs. Yaeger and son George and Ruby Nicholson of Maysfield.

We have a new mail carrier from Cameron, Mr. R. J. Schumann, who has taken the place of Mrs. Hightower. Mrs. Hightower was married during the holidays to Bishop Mabry. We extend to them our heartiest best wishes for many long years of happiness and prosperity together.

William Freeman has enhanced the attractiveness of his home by the recent installation of a light and heating system.

Rev. J. P. Kidd, Supt. of Home Missions of Austin preached at the Presbyterian church at Maysfield Sunday morning.

THE METHODIST CHURCH

Our Sunday School attendance was about seventy per cent normal last Sunday. We are hoping that practically all of our people will have recovered from the flu by next Sunday and that we may all be back at Sunday School and church.

The pastor will preach at both hours next Sunday. It will be a joy if we can have our people back at church. It is hoped that the choir, the orchestra, the Junior choir and the congregation may be in fine trim for a big Sunday night again.

Let the children remember the Junior meeting at 2:30.

Those of the Intermediate age should be at the Epworth Hi at six o'clock.

All young people fifteen and over are urged to come to the Senior League at six o'clock.

Hudson F-Head Motor Design

In the motor of The Greater Hudson, the combination of valve-in-head with valve-in-side principles—known as the F-head design—has been carried to additional power, the actual output having been raised from 80 to 91 horsepower.

"It takes little in the way of engineering knowledge to realize that the trend in automobile power plants is constantly toward greater speeds and higher compressions," said Courtney Johnson, General Sales Manager of the Hudson Motor Car Company at the Show last night. "Our own contribution to this branch of progress is the high-compression, high-efficiency F-head motor in which acceleration, power and fuel economy are more noteworthy than ever.

"Heretofore the trouble with high-compression motors has been the fact that they were subject to spark knocks pre-ignition, roughness and other undesirable features, or these defects the solution has been found in the Hudson head design which gives us a combination valve-in-head and valve-

in-side engine in that the intake valve is located in the head and the exhaust valve in the side.

"In our motor, which this year has been still further refined, the intake valve is located just above the exhaust valve. This has the effect that all liquid or unvaporized fuel particles are subjected to the heat of the exhaust valve and chamber, which dries and vaporizes them for the incoming cool mixture that it never reaches the overheated condition that is common with many other engines.

By moderating the temperature of the exhaust valve, our engineers not only prevent pre-ignition and knocking, but they cause the motor to utilize the entire gas charge, with the result that our motor delivers 91 horsepower with a remarkably low consumption of fuel."

FROM THE FILES OF THE CAMERON HERALD

28 Years Ago

The City Council in adjourned session Thursday afternoon at two o'clock with the following officers and members present: J. M. Ralston, Mayor; O. L. Kidd, City Attorney; C. P. Beatty, Secretary; R. Y. Stedman, Marshal; J. M. Hooks, Tax Collector; Tom Peoples, S. G. Boyles, F. Rendor, S. B. Ford, J. T. Westmoreland, Aldermen.

Last Tuesday night the Knights of Honor installed their new officers for the ensuing term. The following were duly qualified and installed: Monta J. Moore, John T. Arnold, T. M. Dobbins, Walter McGregor, J. J. White, J. C. Creel, C. W. Lederer, T. C. Stafford, F. E. Wilhite, J. B. McLane, J. T. Randolph and W. T. Smith. It was decided by unanimous vote of the members present that on the next regular meeting night, Feb. 5, there would be an oyster supper given to the members of the hall. All members are requested to be present.

Honor Roll

First Grade—Lucile Avriett, Olive McGehee, Nell Streetman, Ella Lallier, Hazel Marsh, Juanita Stafford, Harry Cross, Lee Lyles, Preston Stedman and Nathan Gruble.

Second Grade—Mary Henderson, Bernice McKinney, Minnie Eggert and Nettie Sparks.

Third Grade—Norwell Cooper, Meagher Moore, Alice McGehee, Nellie Reno, Willie Stafford, Johnie Lewis, Lona Lederer, Walter Sharpe, Allen Taylor, James Allard, Hugh Shultz and Semmie Burns.

Fourth Grade—Gussie Gruble, Henrietta Newman, Vivian Smith, Brooks McLane, Eliza Coppinger, Bessie Stedman, Lorena Ruby, Gustave Eggert and Minnie Wolf.

Fifth Grade—Leona Carnahan, Annie Bauknight, Vera Taylor, Bessie Avriett, Claudie Stedman, Hattie Greer, Lizzie Cross, Eleanor Henderson, Pauline Kemp, Katie Lallier and Jennie Hefley.

Sixth Grade—Mary Henderson, Ethel Leverett and Earle Lankford.

Ninth Grade—Willie Hefley.

Distinguished Roll

Fifth Grade—Linda Lott, Frank Monroe, Early Boles, Jacob Newman, Morie Fox, Caroline Mondrik, Stella Todd, Evangeline Rather, Estelle Westmoreland and Herbert Coppinger.

Sixth Grade—Nellie Whitman, Ben Cammer and Jack Lewis.

Ninth Grade—Rhoda Jackson.

Tenth Grade—Elbra Monroe.

The Little Girl's Sewing Club met with Queenie Sapp on Saturday afternoon at 2:30.

C. L. Hefley and wife are the proud parents of a bouncing baby boy. Chas. is stepping high now.

A fine boy was born to Mr. and Mrs. Chas. Frazier last Sunday night.

The Methodists of Cameron will soon have a new church, the contract having been made this week between the church committee, Messrs. J. T. Kilgore, J. D. Hefley, D. Kemp, T. F. Hardy, W. K. Dickinson, C. P. Beatty, W. H. Triggs and A. M. Lankford and Ben D. Lee of Belton, contractor for the erection of a new Methodist church on their property west of The Herald office. The building is to cost \$10,324 and is to be completed by next August. It will be the handsomest church building in Cameron and an ornament to the city.

To A
MOST IMPORTANT GROUP
OF MOTOR CAR BUYERS

Certain American people are getting on in the world. Many of them are just starting. But they're headed up the ladder. Their ideas of luxury and beauty are expanding. They want finer homes, finer furniture, finer automobiles.

During the past three years, hundreds of thousands of these progressive Americans have been buying the Pontiac Six. Some of them have bought it as the first car they ever owned. But to most of them, Pontiac has represented the first big step up from the lowest priced field.

For this progressive group, Oakland has now created a brand new Pontiac Six. It represents an even greater advancement over everything else in its field today than the original Pontiac represented in 1926. It will take its buyers farther than ever up the ladder of motor car quality in one step. Watch for the

SOIL SAVING DAM

ERODED FIELD

EXAMPLE OF WELL BUILT TERRACE

TERRACE BUILDING SPUR STATION

College Station, Texas, Jan. 15—Although in operation only a little more than a year, the state-wide terracing school campaign being fostered by the Extension Service of the A. & M. College of Texas to check soil losses from erosion on Texas farms has proved so effective that five other states have adopted the Texas plan. In addition the work of the Agricultural Experiment Station of the college in its soil erosion and water run-off experiments at the Spur substation in West Texas has attracted national attention, one of the most recent developments of which was the approval by one of the houses of Congress of an appropriation of \$160,000 to establish other stations throughout the country to carry on experiments similar to those being conducted at the Spur substation in Texas.

The Texas Extension Service plan of popularizing terracing as the most effective way of fighting erosion, arch enemy of the soil, provides for holding county and community schools to train farmers in the operation of the farm level, the laying out of terraces on sloping hillsides and the building of these terraces. The federal Land Bank, of Houston, is cooperating in this work.

"Such a system of county and community schools became necessary," said M. R. Bentley, farm engineer of the Extension Service, "because the demands of farmers for aid greatly exceeded the ability of the county agents to find time. Since beginning this work in the summer of 1927 with the active assistance of A. K. Short, of the Federal Land Bank of Houston, 167 county schools have been held with county agents in 125 counties with an attendance of 18,075 farmers, a large per cent of whom learned enough about terracing to carry on with help from their county agents. The effect of these schools was noted in the acreage reported terraced in 1927. More than 15 per cent increase was made over the previous year although the schools did not begin operation until late in the summer. Nearly 500,000 acres were protected from soil erosion through terracing in 1927." Mr. Bentley expressed the opinion that the total figure for acres protected by terraces for 1928 will run close to 700,000.

Joint Stock Land Banks in Texas have joined with the Federal Land Bank of Houston in cooperating with the Extension Service in arousing interest in terracing schools, Director O. B. Martin of the Extension Service has announced. Other states that have adopted the Texas plan through their Extension Services include Virginia, Alabama, Oklahoma, Kansas and Kentucky.

The experiments at the Spur substation of the Texas Agricultural Experiment Station have shown a surprising soil and moisture loss through erosion and water run-off, Director A. B. Conner of the Experiment Station has pointed out. First reports on the work at Spur, established in 1926 and under the immediate supervision of R. E. Ickson, superintendent of the station, showed that forty-two tons of rich top soil to the acre were carried away on land with a 2 per cent slope by twenty-five inches of rainfall in 1926. Loss of water in one instance ranged from 81 per cent to 93 per cent during a single rain. A sodded plot alongside lost only seven tons of top soil during the same period.

WHAT WE THINK

By FRANK DIXON

These darn roosters are just like alarm clocks. They wake everybody else up and then go back to sleep themselves.

Medicine science is becoming so comforting, we're told there is no such thing as pain. Now another eminent authority says a cold is not a cold. Soon the poor fellow with sciatica will be informed that he never felt better in his life.

At last a man has been found who has a good word to say for the saxo-

phone. "It is the only instrument," says a music instructor, "that sounds as well while you are learning to play as it does afterward."

While a party of Chicago women were playing auction bridge thieves picked up \$30,000 of furs and jewelry and then successfully executed the exit play. They were probably playing for two-bit prizes.

Thanksgiving, Christmas, football over, John and Miss Trumble announced, John Barrymore married, the flu in Hollywood abated, Al and Hoover resting, it looks like pretty dull times in this country for the next few weeks.

Count Karolji of Hungary has again been barred from the United States, illustrating again that this country is the premier barring country, bar none.

Home is still my idea of the best filling station and I patronize it three times a day.

We are not enthusiastic over this proposed 13-month year. 12 months a year of work satisfies us.

If fish were really brain food, the helpings should be larger.

The one woman voyager on the return trip of the German Zeppelin says that women passengers on these ships should wear heavy wool stockings. This slets these bare-legged girls out.

Evils cure themselves, and the age that produces girl bandits tends to styles that soon will leave no place to hide a pistol.

A good many of us select our religion like we do our clothes. We take the kind that fits us best.

If luck plays a part in anything in this wide world it certainly is in marriage.

One woman's line is another woman's sinker.

CLARKSON

Buck Bell and family were Sunday dinner guests of Newt Canady and family of Jones Prairie.

Ed McAtee and family of Burlington were Sunday dinner guests of Mrs. Herman Schwarting and family.

Durelle, Nadine and Merle Mitchell were callers at the D. B. Douglas home Saturday night.

Mrs. W. T. Johnson, son Barrett and daughter, Beulah were callers at the Schwarting home Sunday afternoon.

We are all sad over the loss of our loved friend Tio Janicek. Tio was a friend maker and had throngs of friends. Many hearts are made sad when they think of the friend they have lost. Tio was a friend to all the boys. He passed away Friday morning, January 11th and was laid to rest Saturday afternoon in the Burlington Catholic Cemetery. We wish to extend our heartfelt sympathy to the bereaved family.

Miss Lorene Cox is at home from her school in Rosebud with the flu.

Grandma Mitchell has been quite ill for the past week but we are glad to report she is some better.

Little Marcella Janicek had a relapse of the flu after the death of her brother.

Mrs. Herman Schwarting and daughter, Katherine and Mrs. A. L. Harris motored to Georgetown Thursday afternoon to visit in the home of Mrs. Jenkins. While there Katherine Schwarting and Mrs. Harris motored to Austin, visited Mrs. Harris' sister and father and also shopped some while there.

Those who were shoppers in Cameron the past week were: Perry Strickler and wife and Helen Jennings, D. B. Douglas, Mrs. Herman Schwarting, daughter Katherine, Mrs.

A. L. Harris, Howard Schwarting and wife, Walker Cox, E. F. Campbell, Jim Hank and Charlie Freimel.

Mrs. Arvel Canady and children were callers at the Tim Mitchell home Sunday afternoon.

Perry Strickler and wife were visitors out of the community Sunday.

Edgar Burnett of Houston was in our community Sunday.

August Knipp and wife attended the funeral of Mrs. Knipp's uncle of Yarrelton.

There is a new house going up on the Joe Schealer place for Mr. Schealer's father and mother.

Miss Beulah Johnson of Jones Prairie was the guest of her sister, Mrs. Howard Schwarting Thursday night.

Howard Schwarting and wife were Friday dinner guests of Mrs. W. T. Johnson of Jones Prairie.

Joe Hank and wife were visitors out of the community Sunday.

Ed Kinsey and wife were callers at the Schwarting home Saturday night.

BUCKHOLTS

Rev. and Mrs. Otto Schawe left this morning for Iowa to spend several days in the home of Mrs. Schawe's parents.

Miss Joe Williams, who has been a patient of the Cameron hospital, returned home Saturday.

Mr. and Mrs. M. G. Cox of Cameron and Mr. and Mrs. Cecil R. Criswell and Miss Mary Louise Elliott have returned from an interesting trip to the Rio Grande Valley and Mexico.

Reese

(continued from page 1)

gan an intensive study that led him to make it a life work. He took an intensive course of study under Professor White of the University of Louisiana covering production plant management and manufacture of milk products in all phases. He was now superintendent of the Delicia Milk Products Company. He first learned about this business by making ice cream in which he attained some measure of distinction.

The field opened up to him. He began to see that here was an opportunity as well as an industry that is bound to grow. Texas alone, he reasoned was importing \$18,000,000 worth of milk products each year. or 21 months he stayed with this plant, all the time preparing for his day.

He came to Cameron for a short period of time. He returned there on February 1, 1927 and again became superintendent. Back in 1926 while he was with this plant he went to Madison, Wisconsin where he took an intensive course in plant management and ice cream manufacture.

He remained with this firm until September 1928 when he came to Cameron on invitation of the men of Cameron who are building the plant here. Realizing that he should be prepared in every way and wishing to keep abreast of the times he went to Mississippi on the first of October and remained until the first of December where he took a course in cheese manufacture, a branch of the industry the Cameron men had originally taken under consideration.

While there he assisted in conducting test associations to determine whether cows are paying for their keep and making profits or just boarding with the farmers. He has in this and in other ways mastered the business and will bring to the management of the plant here a rich store of learning on the subject as well as the enthusiasm of his youthful determination.

Kenney

(continued from page 1)

day that I would preach again. So far as I knew my ministry was ended, but I am back with you and I am happy to be here. My subject tonight will be "Excessive Victories." This sermon was prepared for delivery a week ago and I assure you it will have nothing to do with what transpired during the past week," he concluded in his only reference to the heresy controversy.

Last Tuesday in Temple Mr. Kenney had his reckoning at the bar of orthodoxy. He stood with resolute spirit and in flaming eloquence to sustain the views of modern scholarship and in the behalf of many here wrote a new chapter in the history of the Central Texas Presbytery.

This kindly man with soft, vibrant voice stood again in the pulpit of the little church Sunday to keep faith with his flock and to hammer away at the obscuring dogmas which he declared have almost made it impossible for Jesus to find a place in the world today.

As he thundered away in his superb way at the distressing phenomenon of doctrines that "makes men Presbyterians first and Christians second," one could picture a student of art brushing away the senseless daubings of the smuggler of paintings, to reveal the matchless inspiration of the masters of the canvas.

Dr. Kenney is only 39 years of age but he has lived much. A shock of reddish brown hair now begins to gray at the temples.

"Dead centuries and equally dead dogmas" do not appeal to him. His

is the flaming spirit of the borderland. "I love my fellows and my age," he declared.

"All men who have discovered the new are heretics. It is true they have defied traditions and they have worn upon their heads the crown of thorns in every age, but they found truth and discovered new things.

"I am more interested in truth than tradition," he said with characteristic fire.

"Civilization has followed the footprints of heretics. They are the trail blazers of man's immortal pilgrimage. "Orthodoxy is stagnation and wherever in the history of the race it has fastened itself upon a man's spirit it sufficient to arrest his quest for truth and knowledge, it has brought decay."

"The heretic defies the breakers to hold out the light to a ship that is tossed."

Dr. Kenney declares that he sees signs of "breaking through" of the spirit of liberalism. "The churches are finding it hard to appeal to the people at large. The centuries old program of mass thinking and of conformity is doing more to level out the intelligence of men than any other of the multitude of things that are crushing Christ. Thinking cannot be standardized. Every man must have his individual approach and men everywhere are rebelling against the attempt to drive men out of the church who assert independence and follow the quest for knowledge though they desert the beaten path."

Former Resident Here Visits With Friends

J. E. Taylor of Oklahoma City, was in Cameron Monday on business and to visit again the scenes of his early manhood.

He was a resident here from 1895 until 1896 and began the study of law under the late John C. Oxenford. Thirty-three years have brought many changes he says and many new faces. Many of his old friends are seen in Cameron he declares. He is a former newspaper man and at one time owned the Mangum Star at Mangum, Oklahoma.

He has been engaged in the bond business for the past 20 years. The firm name is Taylor and White.

Better Service and More Tire Mileage

Changing tires around from time to time will result in longer tire life and better all round service, according to Bismark Horstmann of Horstmann Brothers Firestone dealers in Cameron.

"When a motorist buys a new spare, we recommend that he put it on the right rear and give that tire a rest for a while," he stated. "The other tires should be changed, too, left front to left rear, etc. Each wheel puts certain strains on a tire different from that of the other wheels, and by using the tire on each in turn the wear is evenly distributed and the tire lasts longer and gives better service.

"It is also important to have tires looked over frequently for minor cuts and bruises, etc., and to have small repairs made promptly. Tires should be inflated to the correct pressure as under-inflation of a few pounds will often result in the loss of hundreds of miles of useful service. Valve caps, screwed down tightly by hand, should always be used to prevent air leaks.

"If motorists will give their tires ordinary care and attention they will have less trouble and enjoy greater tire satisfaction."

J. F. Cato is visiting his son, Roy Cato of the Midget Cafe. Mr. Cato is a former resident of Heidenheimer.

JONES PRAIRIE

By MRS. R. K. FONTAINE

Rev. Dobson preached at Little River Sunday.

Pool Jamison is now employed in Gulf, Texas.

Jewelle Hickman spent Sunday with Selma Jamison.

Mr. and Mrs. Alfred Wall and daughter and Miss Daphne Bailey spent the week end at the Geo. Smith home.

Mrs. W. T. Johnson and Lucille and Mrs. Rodney Fontaine were callers at the Schwarting home in Clarkson Tuesday afternoon.

Shoppers in Cameron Saturday from Jones Prairie were: Will Harper and family, C. C. Black, Mrs. W. T. Johnson, Lucille Johnson, Ben Massengale, Mrs. Rodney Fontaine, Bill Fontaine, Alma McKinney and Miss Ethel McKinney.

Mrs. R. K. Fontaine and Maudie Canady were visitors at the S. S. Hickman home Sunday afternoon.

Miss Inez Newman was absent from school last week on account of flu. Miss Etna Love taught school in her place.

Miss Nell Mays was absent from school last week on account of flu.

Rev. Dobson was a Sunday dinner guest at the Archie McLerran home.

Russell Bailey of Hearne was a Sunday visitor in this community.

Connie Mae Hickman of Ben Arnold spent the week end at home.

Elva Love of San Marcos spent the week end at home.

Vernon and J. P. Fontaine were

callers in Cameron Monday morning.

Rev. Dobson called at the Hickman, Thrasher and Rodney Fontaine homes Sunday afternoon.

Miss Ethel McKinney attended the officers meeting at Cameron Saturday for the Milam county club work.

Ollie Mae Smitherman has been unable to attend school for the past week on account of flu.

Birt Thrasher and family have moved into the teacherage.

The Worthwhile Club met January 14, at Mrs. Ben Stidham's.

Mrs. P. McKinney has been quite ill the past week.

INJURED IN WRECK

Ed Brod narrowly escaped serious injury on last Friday when his car was hit by a truck driven by Mr. Tomlin near the Methodist parsonage. Mr. Brod was pinned underneath the car as it turned over from the impact. A Mexican boy in the car with Mr. Brod was uninjured. Mr. Brod was taken to the hospital for treatment.

FARMERS SHOW INTEREST AT ZONE MEETINGS HERE

WILLARD REESE BELIEVES THE DAIRY BUSINESS ASSURED IN MILAM COUNTY

From all indications the milk products plant at Cameron will open on February 1 with a substantial supply of milk and within a short time thereafter the capacity of the plant will be supplied.

Zone meetings are being held this week and will continue to be held to bring to the farmers and dairy men the advantages of the ready cash market for milk.

At Gause on Monday night 43 farmers and interested citizens heard Mr. Reese outline the advantages of the milk plant and explain the profits to the farmers on sale of milk. Dr. G. E. Sutton also made an interesting talk along the line of giving information to dairy farmers.

Indications are that Gause will be one of the leading communities in the production of milk as the community already has an unusually large number of good milk cows.

At Rosebud Saturday Mr. Reese talked to a large number of farmers. At Lott Tuesday the matter was placed before the farmers. Wednesday night Mr. Reese met the people at Maysfield for a discussion of the plant.

Friday at 2 p.m. Mr. Reese will go to Rosebud again and at Rockdale at 2:30 he will talk to farmers. Saturday night he will go to Davilla.

He met with signal encouragement when he met with the Thorndale Commercial Club last week.

The purpose of these meetings are to encourage farmers to buy cows and sell milk. All phases of the business are explained to the farmers.

AGED CONFEDERATE IS BURIED JANUARY 13

B. W. ROBISON, 89, OLDEST MEMBER OF LOCAL MASONIC LODGE DIES ON JANUARY 12

B. W. Robison, 89, Confederate veteran and oldest member of the Masonic lodge in Cameron, died at his home in the Rice School House community Saturday morning, January 12, 1928.

Funeral services for the dead confederate were held Sunday afternoon, January 13, 1928 from the residence, conducted by Rev. H. G. Kenney, pastor of the First Presbyterian Church of Cameron.

The Masonic burial rites conducted by members of San Andres Lodge of Cameron were held at the grave of the veteran. He was the oldest member of the lodge having been a member for sixty-four years. Interment was in the cemetery near his home.

He had planned a reunion of the family when his birthday should come this spring but death claimed him. Relatives living at widely separated points over the country were to have attended.

Pallbearers were Judge Jeff T. Kemp, Judge John Watson, J. L. Barmore, J. W. Haygood, John Nicholson and H. E. Garner.

Mr. Robison was a native of Alabama. He was born in March of 1840. He was a veteran of the war under Nathan Bedford Forrest, the South's great cavalry leader. He was a member of Company H 53rd Alabama Cavalry.

At the time of his death he had been a member of the Presbyterian church for 58 years. He is survived by his widow and seven children, six sons and one daughter, all of whom were present except two sons, one in California and the other in West Texas, who could not attend the funeral.

18 Years for Negro Who Slew With Axe

John Flewellen, negro axe murderer, was given 18 years in the state penitentiary on conviction in district court by a jury Tuesday.

The negro was charged with killing Chas. Harris, another negro near Branchville in October of 1928.

The case attracted wide attention among the negroes of the county and for days the court room was thronged with witnesses and spectators.

The case was called for trial Thursday February 10, the jury being selected Saturday and evidence began.

Arguments were concluded in the case Monday afternoon. Attorneys Roy Baskin and S. M. Burns represented defendant by appointment of the court while the state was represented by Jack Lewis, district attorney.

No eye witnesses to the murder have been found, the evidence being of a strong circumstantial nature. So far as known the negro has never discussed the matter with anyone at length, although evidence of a convincing nature was introduced and his sentence resulted.

The Young Matron's Bridge Club met in regular session Friday afternoon with Mrs. Geo. Childress as hostess.

MILK PRODUCTS PLANT OPENS FEBRUARY 1

IKE M. HEFLEY BURIED AT JACKSON, TENN.

FUNERAL SERVICES AT FIRST METHODIST CHURCH TUES- DAY AFTERNOON

Ike M. Hefley, 70 years of age, one of Jackson's best known residents, passed away Sunday afternoon at 5:30 o'clock at the Memorial Hospital following a lengthy illness from kidney complications. Mr. Hefley was born and spent his early life in Lexington, Henderson county, and was the member of a prominent pioneer family of that section. He came to Jackson many years ago and had a wide circle of friends in this city and the surrounding section who will learn of his passing with deep regret.

He is survived by his wife, Mrs. L. M. Hefley and two sons, Ike S. Hefley of Birmingham and Ben F. Hefley of Miami, Florida; four brothers, Sam and Hubert of Cameron, Texas; John of Sterling City, Texas and Frank of Oklahoma; one sister, Mrs. J. B. Rector of Shreveport, La., one grandson, William, of Miami and two granddaughters, Carolyn Porter of Jackson and Lou Francis Porter of Texas.

Mr. Hefley was a Methodist in belief and funeral services will be held Tuesday afternoon at 3 o'clock at the First Methodist church by Rev. L. L. Cowen and interment will follow in Riverside cemetery.

The following pallbearers are requested to meet at 2:30 o'clock Tuesday afternoon at the Griffin Funeral Home:

Active—W. A. Caldwell, Neal Johnson, Will Lane, Max Hooper, John Lancaster and Dr. C. A. Sevier.

Honorary—Judge C. G. Bond, John Burnell, R. S. Fletcher, Dr. Chas. A. Tamm of Memphis, Dr. W. C. Duckworth and Luther Mathis.

Tribute to Deceased
The following tribute to the deceased was paid by his friend, Dr. C. A. Sevier, today:

"When the cardinal sang this morning for the first time this new year, there was one who noticed such things that heard him not. Perhaps the most popular man Jackson has known in 40 years, Ike M. Hefley, Sr., known and loved by the sunshine he carried with him always, passed on, just as the sunlight faded from the world he loved so much Sunday evening.

"Many there be who genuinely sorrow at his going, knowing they will see his like no more for ever.

"Mr. Hefley was about the most widely known citizen of Jackson in all contiguous counties and knew the family histories of nearly every one in those counties. He was a man that had strong ties of friendship and nothing was too much to ask of him if he considered one his real friend. He loved the open spaces, was fond of outing in company with congenial friends and his merriment kept them in good humor always.

"Many are they who will miss his genial personality and long remember and quote his philosophical pleasantries.

"He was born in Lexington, Tenn., Nov. 13th, 1858, and married Miss Lulu Malone of Holly Springs, Miss., who afterwards was a druggist of Jackson, Tenn., in 1886 and their devotion during that 42 years has been as pretty as a romance of fiction."

The above was taken from the Jackson daily newspaper and is an appreciated tribute to the late Ike M. Hefley. In Cameron friends of Hubert W. Hefley and Sam Hefley, will read with sorrow and sympathy of the death of their brother at his old home in Tennessee. Ike M. Hefley was an interesting and influential figure in his state and his citizenship was appreciated as that of Hubert and Sam Hefley is appreciated in Cameron and Milam county. Hubert Hefley visited his brother at Christmas time. He died shortly after his return here. Sam Hefley, member of the Texas Legislature, attended the funeral of his brother.

180,000 Pounds Pecans Shipped From Cameron

Here is a most unusual discovery. This paper has just learned that 180,000 pounds of commercial pecans were shipped from Cameron this season.

They were native pecans and based on the price thought to have been paid the pecans netted approximately \$18,000.

These pecans came from native trees that have grown up in the county. No pecan orchards are to be found here, but more attention is being paid to pecans each year and in a few years this will be one of the big money crops of the county.

PASTEURIZED MILK FOR HOMES OF CAMERON

SAVING TO PEOPLE WITH SAFE SUPPLY IS PLAN OF COMPANY HERE

Pasteurized milk for the home at 13c per quart is announced as a feature of the opening of the American Milk Products Plant here on February 1, according to Willard Reese, manager.

Practically all the milk men now charge 13c per quart. Some customers pay 15c per quart.

The plant will operate trucks. Strictly cash will be the basis of sale. The trucks will deliver the milk to the homes.

It is pointed out that the plant will not interfere with the local dairies as they can find a ready cash market at the plant for their milk and thus be relieved of the delivery and credit system.

Allotment Made For Topping Buckholts Gravel Highway

An allotment of \$26,500 has been made by the highway commission to top with asphalt the road from Pettibone to the Bell county line through Buckholts.

The appropriation is conditioned on the county securing an additional 30 feet for the road bed, making the highway 80 feet wide.

John E. Blair, district engineer was here this week to go over the matter with Judge Jeff T. Kemp. The road will go through Buckholts main street if it is found possible to satisfy the engineers about the short turn at the west end of the main street.

Approximately \$14,000 will be expended for material it was said to complete the contract in addition to the \$26,500 appropriation. The additional 30 feet of land across the county will cost the county a great deal of money.

Cameron Banks Will Aid Farmers To Buy Cows For Milk Trade

Willard Reese, manager of the American Milk Products Company of Cameron, says that he has discussed matters of finance with Cameron Banks and they will co-operate in every way possible with the farmers to aid them in buying dairy cows.

Men who are in earnest and know something of the needs of the business to make it a success, can get accommodations, it was said by Mr. Reese here today.

Little time has been found by farmers to turn away from cotton sufficient to devote a little time to cows, and as a result only a limited number of cows of the better grade are available for the milk supply.

It is pointed out by Mr. Reese that in many instances the banks have bought cows and made arrangements to take care of the milk receipts on monthly installments sufficient to retire the debts.

At Roundrock cows were purchased and sold on this basis by private parties. Today, says Mr. Reese only 8 cows will remain unpaid out of the shipments and the indebtedness on these will not exceed \$50.

Judge Few Brewster of Temple will exchange benches with Judge John Watson next week on account of Judge Brewster being recused in some criminal cases in his court at Belton.

Do You Want to Sell Whole Milk?

If you do, fill in and mail the following blank to The Cameron Herald. This information will be placed with the proper authorities on milk production and you will be given every aid possible in buying cows and in marketing your milk.

How many milk cows will you have February 1 _____?

Estimated number of gallons milk they will produce _____?

If price is sufficient will you deliver to Cameron _____?

Do you want to buy more cows _____?

How many _____?

Do you wish to have the whole dairy business more fully explained _____?

WILLARD REESE RISING RAPIDLY IN CHOSEN WORK, PARALLELS IN ROMANCE, BIG INDUSTRIAL HEADS

By J. B. WHITE

This is the story of a Cameron boy who went away to school and had his battles, won them and now is rapidly rising in a growing industry.

Not only is he rising with success in a major industrial effort but if he continues, he will be able to look back in a few years to a life work of great benefit to mankind. Pioneering in the field of dairying and milk products is as fascinating as it is beneficial.

Willard Reese, manager of the American Milk Products Company of Cameron which will open for business on February 1, is an interesting study. His story was hard to get because like all sensible young men he had rather talk about his work than about himself, but this writer penetrated.

While yet in his teens he left Cameron in 1925 for Baton Rouge, Louisiana to enter the Louisiana State University which also combines the Agricultural educational efforts of the state. He arrived in the Southern city with 95c. He wanted an education and was determined to get it. How far he succeeded cannot yet be measured. His studies were often cut short by necessity, but that is another story.

He had some definite things in mind. He wanted to graduate in petroleum engineering, but circumstances and fate directed his mind to other channels.

Mr. Reese took a position in a drug store to aid him through school, but soon found he could not support him-

self on the limited pay for the hours he was able to give from his studies. He quit. Later he taught night classes in the Y. M. C. A. learning illiterate men to read and right and arithmetic. For this work he received more than his first job, although it taxed his time.

Later he went in a department store for additional hours work, still holding his night job. His industry appealed to the manager and he was made manager of one of the departments. Depression in the business lost him this position. He had been thinking of the milk industry there, a large plant being in operation. As he walked from the store the manager called him back, took him in his car to the plant in which he held controlling interest and found him a situation. He worked in an obscure branch of the plant, still keeping up his studies, not knowing it would change his plans altogether.

His application to duty attracted the attention of the owners and he was made superintendent. Here he (continued on last page)

"Heretics Trailblazers of Man's Immortal Pilgrimage," Kenney Declares; Church is Thronged

By J. B. WHITE
Written for Houston Chronicle

Conformity and ponderous theological entailments and standardized thinking are doing more today to level out the intelligence of mankind than any of the problems with which the modern mind is grappling to present the Eternal Christ declared Rev. H. G. Kenney in his pulpit at First Presbyterian church here Sunday morning.

A narrative from St. Mark detailing the account of how Jesus and his disciples going through the fields of grain on their way to worship incurred the rebuke of religious leaders because they took and ate on the Sabbath furnished the background of Dr. Kenney's discussion of the subject of the sermon, "Things that are Crushing Christ."

"Jesus was pitched out of the Temple," he said though he and his disciples had done nothing that constituted wrong in the eyes of Christ.

"And he spoke to his disciples, that a small ship should wait on him because of the multitude, lest they should throng him," was the text taken from the third chapter of St. Mark.

To take from this text anything save the historic event that translators sought to establish is to be classed a heretic he declared though placing Christ always in an historic setting has done much to obscure him as the eternal Christ. "The world is not concerned about the historic side of the question but men everywhere are vitally interested in the principles and the embodiment of character that is found in the revelation of his life.

The multitude that pressed about Jesus, he said, no doubt with the uniform belief that in so doing were paying him the greatest tribute of which men were capable furnishes an example of formality in worship today that has no meaning save in the gratification of a fictitious regard for him.

I am not sure that Bruce Barton is right in his book which offers a possible interpretation of Jesus as an advertiser, nor am I sure that theology with its ponderous entailments has ever made any contribution to an understanding of Jesus of Nazareth. Men everywhere are tremendously interested in the eternal Christ but not in the Historic Jesus with the incidents that have no meaning or application to the life of the 20th century.

"John Calvin, a brilliant writer who has recently discovered new characteristics of the man, declares, had a marvelous mind, but too much given to a research of dogmas and doctrines and not enough to the things that vitalize Jesus and present him to men to inspire them to emulate his character as it must inevitably touch the lives of men. In spite of the security in which Calvin now rests because of the multitude of obscuring doctrines, I know that in the final analysis he must stand the acid test of judgment among men not because of them but in spite of them," he declared.

The church was crowded Sunday when Rev. Kenney rose to speak. Attracted by the charges of heresy made against him, people from over the city and from outside the town, filled the pews.

"I feel gratified at the outcome of the meeting of the Presbytery," he said. "I was not sure on last Sunday (continued on last page)

FIFTY THREE CENTS FOR BUTTERFAT ANNOUNCED

22,000 POUND CAPACITY PLANT WILL BRING BIG ANNUAL SUM TO FARMERS

The big 22,000 pound capacity plant of the American Milk Products Company of Cameron will be opened for business on February 1st, according to Willard Reese, manager, who is pushing with all possible haste the setting of machinery.

The opening of this plant is regarded here as the greatest development in the history of the city for prosperity on the farms of Milam county.

An interesting survey has been made of the prosperity effects of similar plants in other portions of the United States.

When the plant here opens on February 1 the management will pay 53 cents per pound for butter fat, or about 24 1-2 cents per pound for milk.

Mr. Reese on his recent visit to Mississippi went to the Borden plant at Starkville on pay day for October and for that month they paid to the farmers \$92,500. The Borden plant was established there in 1924.

Over at Tupelo, Mississippi, the Carnation Milk Company with "Milk from contented cows" paid out in October \$122,000. This money was distributed among the farmers for that month. At Starkville the peak production brought \$150,000 for a single month.

These figures represent two plants. At Birmingham, Alabama, a short distance away is located one of the largest milk plants in the country. There are also local plants and cheese factories.

That section was a cotton area and before the coming of the milk plants with their every day cash for milk, there were no roads, no cows, no prosperity, no cars, and generally the country was in a deplorable condition.

Paraphrasing the famous epigram, "Civilization Begins and Ends with the Plow," a large sign over the Carnation plant at Tupelo has these words: "Prosperity Begins with the Cow."

Over at Marshall, Texas, one sees this sign: "The Land of Milk and Money."

The capacity of the plant here is 22,000 pounds of milk per day. Mr. Reese hopes for 5000 pounds on the opening day.

Cash will be paid and there will be a market every day for milk.

According to Mr. Reese 700 cows will be required to feed the plant to capacity. Based on the average cow this will give the plant 18,000 pounds of milk per day.

The product of the plant will be cheese, Bulgarian butter milk, Pasteurized milk and also butter.

THOMAS J. SLAVIK IS BURIED JANUARY 11TH

POPULAR AND WELL KNOWN YOUNG MAN DIES AT AGE OF 29 YEARS

Thomas J. Slavik, aged 29 years and 4 months died at the family residence near Marak January 9, 1929 at 5 p. m. following a long period of declining health.

When news was received of the death of Mr. Slavik there was universal grief as he was held in high esteem here as well as in the community in which he had been born and reared.

Funeral services were held Friday, January 11, 1929 at the Catholic church at Marak with Rev. Father K. Kacer in charge of the services and Green Bros., directing the funeral arrangements. Interment was in the Marek cemetery.

Mr. Slavik was born and reared in that section and had many friends who will mourn his passing.

He is survived by his mother, Mrs. Mary Slavik, and brothers and sisters as follows: Joe Slavik, Frank Slavik, Francis Slavik and Albina Slavik.

The pallbearers were Joe Slavik, Joe Plsek, Bob Slavik, Jerry Kostrom, Joe Kostrom and Lard Kostrom. The honorary pallbearers were Mary Plsek, Agnes Plsek, Josie Slavik, Agnes Slavik, Amelia Kostrom and Mattie Marak.

Considerable news matter was omitted because of small paper this week. News as well as advertising matter will not be accepted after Wednesday noon. The Herald must reach its readers on time.

What a Cow Will Do?

Here are some figures that are conservative. They are taken from government as well as industrial experience and are facts. There is no guess work about these figures, according to Willard Reese, manager of the American Milk Products of Cameron which opens on February 1.

An ordinary commercial cow will give 3 gallons of milk per day.

There are an average of 5 pounds of butter fat to each 100 pounds of milk. Eleven and two-thirds gallons of milk will weigh 100 pounds; milk is bought on butter fat basis and will bring about 24 1-2c per gallon, or about 75c per day for the average cow. The average cow will bring on 300 days milking \$225. Ten cows would bring a gross earning of \$2250.

Feed for the average cow when such feeds in large part are home grown, will cost 13c per day, based on small bone cows such as Jersey and Guernsey. Holsteins and larger bone animals can be fed for 42c per day when feeds are bought and not raised. Better cows eat no more than lesser grade cows and produce more profits.

A heifer calf at 18 months is worth as much as the mother cow and the beef calves are worth \$20 per head. Young bulls if from registered strain are worth \$50 at 3 months. The average good cow is to be bought from \$85 to \$150. Take your pencil and figure it out. You will find that operated as an adjunct to your farm and dairying with ready cash market for milk every day in the year will make us rich as a people.

Texas and Texans

By Will H. Mayes

Busy Times Ahead

It is evident that the present session of the legislature will be a most busy one if the legislators attend closely to the business that will be before them. The University oil lease matter will have to be ironed out and whatever final disposition may be made of it there is sure to be some dissatisfaction.

West Texas is not the only part of the State that is concerned about water rights legislation. It is very evident that the people of Texas want a law that will clearly give domestic consumers and irrigationists prior rights over power users, and they are going to be insistent in a bill without any jokers in it.

Austin is crowded with people interested in legislative matters and every one is doing his best to create the impression on legislators that his particular measure is the one of greatest importance to the State. The lot of the representative who is conscientiously trying to serve the people of the State is by no means an easy one.

Railroad Expenditures

Texas railroads are spending a great deal of money now on the improvement of their lines throughout the State. They are having to keep a somewhat uneven pace with the development of public highways. The Cotton Belt has spent in the last year more than \$2,000,000 on its line from Tyler to Mt. Pleasant and announces that it will spend about \$5,000,000 more this year in rebuilding its trackage. Other roads are busily improving their lines and all of them are expecting an increased Texas business in 1929.

Helpful Moisture

Mother Nature has started in the New Year by being good to Texas by providing an abundance of snow and rain in most parts of the State and distributing it in a way to do the most good. Copious slow rains have fallen in most parts of Texas starting the grain crops off well in their growth and enabling the farmers to do their winter plowing to best advantage. Every indication is that 1929 is to be the "best yet" for Texas.

Showing Trade Growth

The San Antonio Chamber of Commerce has been keeping data on the mileage traveled by retail buyers who go to San Antonio to buy their stocks and finds that it is increasing. In 1923 the average distance traveled was only 87 miles while in 1928 it had increased to 220 miles. These figures show that the people travel far to trade in San Antonio. Perhaps every progressive city and town in Texas could make a like showing. People now go long distances to get to trade with merchants who show that they are anxious to extend their trade. It's the non-progressive, self-satisfied, non-advertising burg that is passed up by the thousands who go out bargain-seeking with those who let them know they are offering inducements to broaden their business.

Abilene Wants Airport

San Angelo having formally dedicated an airport, Abilene is now pro-

posing a \$100,000 bond issue that it may build a municipal airport. The increased interest in flying will soon require every place to have suitable landing fields. It is freely predicted that Texas towns of 10,000 and more population will soon have air mail service, provided they arrange for municipal landing fields. Notwithstanding the fact that Austin had two private airports, that city was required to acquire a field of its own as a condition to air-mail service. The reduction of air mail postage to 5 cents is rapidly increasing the air-mail business everywhere.

Onion Crop Increased

The Texas Bermuda onion crop has been increased 15 per cent this season or to nearly 20,000 acres. The crop is in fine condition and gives promise of an unusual yield. In the last ten years onion growing in Texas has become an important branch of truck farming, experimental growing having started about ten years ago near Laredo.

Texas Needs Industries

Nearly every chamber of commerce in Texas has made a public statement that the greatest need of its community for 1929 is more industries. It is recognized that for a place to prosper its industries must keep pace with farming development yet there are but few Texas localities where this has been accomplished. Officials of the chambers of commerce should look about to find just what special industries can be best developed in their immediate sections and then set about vigilantly to promote them. The trouble is that there is too much "pot-

shotting" in the matter of securing industries, the result being that little or nothing is accomplished.

Cheese Factories

The two Texas towns that were first to secure cheese factories last year showed how to go about getting industries. The places were Round Rock and Buda, both mere villages, near Austin. Cheese factories do not require much initial outlay—\$15,000 or \$20,000—but they stimulate dairying and that scatters money throughout a community. These small towns built cheese factories because they were able to build them, instead of wasting their efforts on industries that cost a half million dollars and which were beyond their means. Round Rock and Buda will be ready to undertake something else worth while this year, having succeeded with their cheese plants.

Kerens Gets Gas

Kerens is among the smaller cities that announces that it will soon be supplied with natural gas. There is such an abundant supply of gas in Texas and natural gas gives such an ideal heat, that it seems every town would busy itself in securing this great convenience and comfort to modern life.

Paper Waste

School children at Cisco will collect all the old papers and magazines in that city and sell them to get money to assist in building a school gymnasium. The paper brings about \$90.00 a carload. There is hardly a town in the country in which a carload of paper could not be gathered almost any time by systematic effort. Schools everywhere would profit by having an

annual or semi-annual paper gathering and at the same time would help housewives to keep their places cleaner. The needless paper waste of the country runs into millions of dollars.

Useful Man Gone

When A. B. Spencer died Texas lost a useful man. His father was a railroad man who had suffered financial reverses. Young Spencer was trained to the railroad business and coming to Texas in early life he became a station agent at Childress. Later he was the leading factor in the building of the Lubbock, and Crosbyton railroad, now a part of the Santa Fe. He served as president of the West Texas Chamber of Commerce. He gave of his time, his intellect, his strength to the building of Texas and did his work unselfishly. Such men are few.

Save The Painted Rocks

The town of Paint Rock, near which are more than 1000 rocks painted in pictographs by early Indians, is taking steps to save the paintings from destruction at the hands of thoughtless persons who scratch and otherwise deface the pictures. These pictographs are a part of Texas history that should be preserved.

NOTICE TO CONTRACTORS

Sealed bids for making certain repairs to Bryant Station Bridge over Little River will be received by the Commissioners Court of Milam County until 10:00 o'clock a. m., January 17, 1929 and will be publicly opened

and read.

Proposals and detail plans of the proposed work can be secured from A. F. Mitchell, County Engineer at his office in Cameron, Texas.

A cashier's check for 5 per cent of the amount of the bid must accompany each proposal, and the check

must be made payable to Jeff T. Kemp, County Judge, Milam County.

Proposals should be filed with Giles L. Avriett, County Auditor and marked proposals for repair work on Bryant Station Bridge.

GILES L. AVRIETT,
Auditor, Milam County

The Venetian Toilet Preparations of

ELIZABETH ARDEN

may now be obtained from

Square Drug Store

Women who through travel abroad or residence in New York have come to insist on Elizabeth Arden's preparations for the skin will be delighted to hear that they can now be purchased at our toilet goods counter.

Venetian Cleansing Cream melts on the skin, seeps into the depths of the pores and rids them of all impurities. \$1, \$2, \$3.

Venetian Ardena Skin Tonic, a mild astringent tonic used after Cleansing Cream; whitens and refines the skin. \$.85, \$2., \$3.75

Venetian Orange Skin Food, patted into the face after cleansing, nourishes and rebuilds worn and flabby tissues. \$1, \$1.75, \$2.75, \$4.25.

Venetian Amoretta Cream, a fragrant cream that vanishes and leaves the skin smooth. It protects the face from sun and wind, and forms an ideal base for powder. \$1, \$2.

Venetian Pore Cream closes enlarged pores and refines a coarsened complexion. \$1, \$2.50.

Venetian Special Astringent. To restore the youthful firmness of relaxed muscles. Pat it on the face after cleansing; it makes the skin delightfully smooth and elastic; crases wrinkles and puffiness. \$2.25, \$4.

Venetian Anti-Wrinkle Cream, a fragrant yellow cream containing both astringent ingredients and nourishing oils. \$2, \$3.50.

Venetian Rouge Amoretta, a superfine cream rouge that gives a beautiful natural glow to the cheeks. Light, Medium, Dark. \$2.50, \$4.50.

Ask at our Toilet Goods counter for "The Quest of the Beautiful," a booklet which describes all of the Venetian Preparations and tells how to apply them correctly.

THOMPSONS DAIRY

We have Registered Male for service at \$2.50. Cows must be brought to farm.

Can take care of a few more afternoon customers for milk. Our milk test shows higher than any other dairy.

ESSEX THE CHALLENGER

NO EVADING THIS CHALLENGE
76 ADVANCED FEATURES

Here is a challenge that rings with fulfillment. Its bid is to all who would own the best, and no car is excepted.

In Fast Getaway—against the champions of any price class. In Speed—anything the road offers up to 70 miles an hour. In Endurance—60 miles an hour all day long is being proved by thousands. In Hill-climbing—give it the hardest task you know. In Size and Roominess—match with big cars of large passenger capacity. In Appearance and Smartness—compare it with the costly cars, in which high price is paid for just those things. In Economy—against small light cars, whose chief appeal is economical operation, and which do not contend for performance distinction.

These are but a few of the 76 advanced features which a million Super-Six owners are appraising in Essex the Challenger. Come examine and drive it. It will not only win your endorsement, but challenge your ownership interest against any value that motordom may offer.

(© 1928, Western Newspaper Union.)

Lesson for January 20

CHRIST THE SAVIOR

LESSON TEXT—Luke 15:3-7; Romans 5:6-10.
GOLDEN TEXT—And thou shalt call His name Jesus; for it is He that shall save His people from their sins.

PRIMARY TOPIC—Jesus Our Savior.
JUNIOR TOPIC—Jesus Our Savior.

INTERMEDIATE AND SENIOR TOPIC—How Jesus Saves Us.

YOUNG PEOPLE AND ADULT TOPIC—Christ, the World's Redeemer.

I. The Savior Predicted (Gen. 3:15; Is. 9:6, 7).

In connection with the fall of man and the pronouncement of judgment upon the woman, man and the serpent, and the announcement of the undying enmity which was to exist between the seed of the woman and the seed of the serpent, ultimate victory was predicted of the woman's seed. This enmity has continued all through the ages, even to the present time. On the cross of Calvary the final stroke was made which crushed his head (John 12:31; Heb. 2:14; 1 John 3:8). This announcement concerning the Conquering One was the first gleam of the glorious gospel of Christ. A great victory was won, but at an infinite cost. The prediction of the Savior became more specific in Isaiah 9:6, 7. The eternal Son of God was "given" to the world, but He was "born" as a child.

II. The Savior Born (Luke 2:11, 30, 32).

That which had been predicted was historically fulfilled in the birth of Jesus Christ at Bethlehem. When Jesus was brought into the temple as a child, the Holy Ghost revealed to Simeon that this was the Messiah. He took the child Jesus in his arms and blessed God, declaring that he had now with his eyes seen God's salvation and that He was to be a light to lighten the Gentiles and was to be the glory of Israel. This appearance of the Savior was heralded to the shepherds by the angels as they ascribed to God the highest glory and announced peace on earth and good will to men.

III. The Savior Described.

1. He seeks the lost (Luke 15:3-7). This seeking of the lost is illustrated by the man leaving the ninety and nine sheep and going after the one which was lost, and his rejoicing over his success in finding it.

2. He died for the lost (John 3:14-17).

As the brazen serpent was lifted up in the wilderness by Moses, so Jesus Christ was lifted up on the cross. God gave Jesus Christ to die, to make an atonement for the sins of the world. All those who believe on Him receive eternal life and therefore escape condemnation. Christ's coming into the world was not to condemn the world, but to bring to it salvation.

3. He knows His own (John 10:14). As the Good Shepherd who seeks out the lost and gives His life for them, He has a definite knowledge of each one of them. Not only does He know them personally, but they in turn know Him.

4. He keeps His own (John 10:27-29).

Believers are Christ's sheep and because they are His sheep they hear His voice and follow Him. He not only gives unto them eternal life but holds them in His omnipotent hands. They are absolutely secure because no man is able to pluck them out of His hands.

IV. Some Blessings Received Through the Savior.

1. Physical strength (Acts 3:1-11). The healing of the lame man at the beautiful gate of the temple is a fine example of Christ's ability to heal the body. This man had been lame from birth. Because the life of Jesus Christ was brought into touch with him, he was able immediately to arise—strength came into his feet and ankle bones. Not only did he arise, but he walked and leaped, praising God.

2. Justification (Rom. 5:1-11). The one who receives Jesus Christ is declared righteous. His guilt is removed, and because he is justified, he has peace with God, the assurance that God loves him, and real joy in God Himself.

3. Christ is the Supreme Example to the believer (Phil. 2:5-10).

Because the Savior became incorporated with the race through the incarnation, He is able to impart life to those with whom He is identified. Furthermore, because He thus imparts life, the believer is able to make Him an example. He is able to express the same spirit of devotion and humility in giving himself in service instead of being served.

Spend Time With God

It is the failure to spend a definite, even though it be short, time each day with God that is the secret of all weakness, variability, and shallowness in our spiritual experience and service.

Man Alone Able to Think

Of all God's creatures man alone is able to think immortality. What Darwin called "the grand instinct" has survived for countless aeons the shock of bodily death.—Dr. J. P. Cadman.

COULD YOU HAVE BELIEVED IT?

If you positively knew you could have \$50.00 cash, a thorough business training, a good position and seven months experience if trained in a Byrne College as against no cash, no job or experience if trained in another school, which school would you attend? The answer is easy, but how are you going to convince yourself that a Byrne Commercial College has these great advantages? Here's how. Ask three students that have graduated in the combined course of bookkeeping and shorthand in any other school, if twelve months is not a fair average time to graduate in a school teaching Gregg Shorthand and 20th Century Bookkeeping, then ask three who have graduated in a Byrne Commercial College in the Famous Byrne Shorthand and Bookkeeping if four and one-half months is not a fair average time to graduate. Also get the catalogues of the other schools and Byrne's and compare their course of Bookkeeping and Shorthand and time required with Byrne. The Byrne student graduates in four and one-half months, the other in twelve months. Time saved by Byrne, seven and one-half months. Put the time saved by Byrne at a low salary and you will have earned from \$500 to \$700, and by the use of the famous Byrne Shorthand and one-half months training in a Byrne College why spend twelve months in some school not permitted to teach the famous Byrne system? Byrne scholarships are sold under a money back guarantee. Get the Byrne bookkeeping and shorthand in one-half the time and one-half the cost of others.

Byrne Colleges operate three free employment service departments for the placing of all their graduates. Write for catalogue today. Investigate, you are entitled to the best. Byrne Commercial College, Dallas, Houston and San Antonio. H. E.

LOST STRAYED OR STOLEN

Picked up in the road near my house in Battestown 2 very small female Fox Terriers. Any information about them will be thankfully received as they belong to my children who are very anxious about them. These dogs are valuable, worth more than \$50 each and anyone who steals them will be liable to prosecution. R. L. Batte, Cameron, Texas.

SHERIFF'S SALE

The State of Texas,
County of Milam,
Whereas, on the 16th day of November A. D., 1928, in a certain cause numbered 1001 on the docket of the District Court of said county, wherein the State of Texas is plaintiff and Henry F. Lippman, Bertha Lynch and Eunice Dill are defendants, the said plaintiff recovered judgment in the amount of Two Hundred thirty-five and 88-100 dollars for taxes, and legal

amount penalties, costs and interests computed thereon, together with the foreclosure of plaintiff's delinquent tax liens upon the property herein-after described as the property of the defendants, because of non-payment of the taxes due thereon;

And whereas, on the 4th day of January, A. D. 1929, by virtue of the said judgment and the mandates thereof, the Clerk of the District court of said county did cause to be issued an Order of Sale, commanding me as Sheriff of said County to seize, levy upon and sell in the manner and form as required by law the hereinafter described property as the property of

the above defendants, to satisfy the said judgment.

Wherefore, by virtue of the said Order of Sale and the mandate thereof, I did on the 5th day of January A. D. 1929, seize and levy upon as the property of the above defendant, the following property, to-wit:

98 1-2 acres of land on the David Gallagher League in Milam County Texas, and beginning at the N. W. corner of the Common 50 acre tract, same being the N. E. corner of the Vernon Russell 150 acre tract for the N. E. corner of this; thence with the N. line of the 150 acre tract S 60 W. 781 vrs; to a rock for N. W. corner

from which a P O brs S. 45 E. 18 vrs; thence S. 45 E. 738 vrs to P O for cor; thence S. 80 E. 124 vrs to stk in edge of gully for cor; thence N. 77 E. 300 vrs to a large post for cor; thence N. 45 E. 125 vrs to cor in the west line of the William Weisland. thence N. 30 W. 130 vrs to N. W. cor of said Weisse tract; thence N. 60 E. 68 vrs to a stake for cor; thence N. 30 W. 781 vrs to the place of beginning.

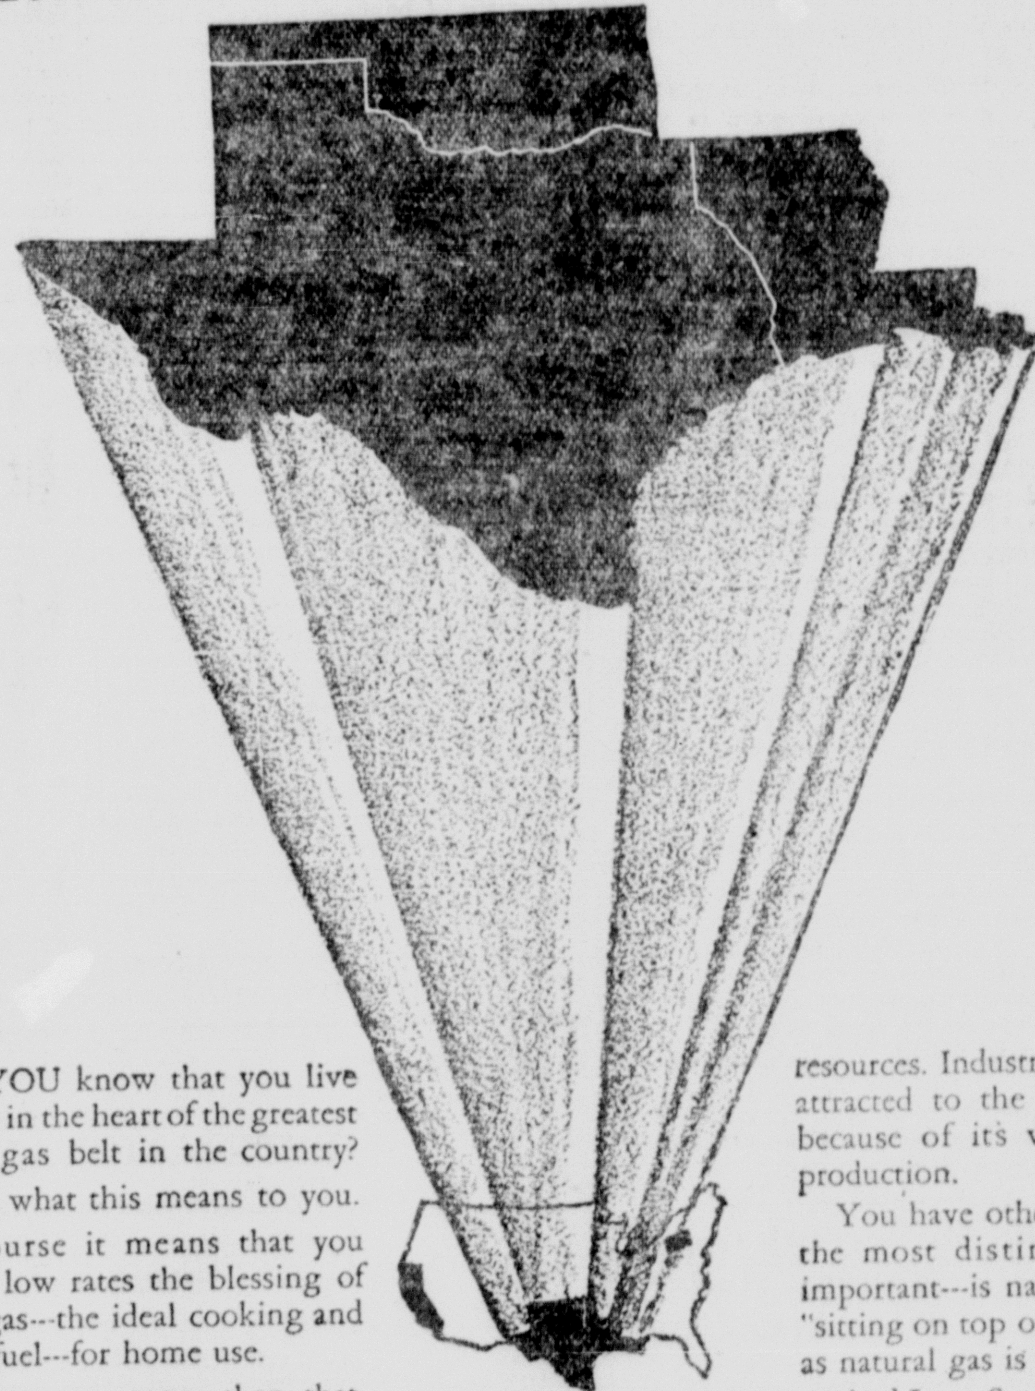

And I will on the first Tuesday in the month of February A. D., 1929, the same being the 5th day of said month, proceed to sell said property at the Court House door of said county, in the city of Cameron, between

the hours of 2 o'clock p. m. and 4 o'clock p. m., to the highest bidder for cash all the right, title and interest of the above defendants, in and to the above described property; subject, however, to the rights of the defendants, to redeem same in the time and manner provided for by law, and subject to the further rights of the defendants to have said property divided and sold in less divisions than the whole. And in event there are no bidders, said property will at said sale be bid off to the State.

L. L. Blaylock, Sheriff,
Milam County, Texas.
Will Vaughan, Deputy.

38-3tc

Your Community is in the very heart of America's Greatest Natural Gas Belt —and NATURAL GAS Attracts Industries — Builds Cities!

DID YOU know that you live right in the heart of the greatest natural gas belt in the country?

Think what this means to you.

Of course it means that you enjoy at low rates the blessing of natural gas—the ideal cooking and heating fuel—for home use.

But it means more than that.

It means growing communities, with constantly increasing property values, because this great natural resource of abundant natural gas attracts industries.

Heat is the heart of industry. Industry inevitably follows fuel

resources. Industry is already being attracted to the great Southwest because of its vast natural gas production.

You have other resources—but the most distinctive—the most important—is natural gas. You're "sitting on top of the world" as far as natural gas is concerned!

And Lone Star Gas Company, as one of the oldest, largest and strongest of the gas pipe line companies operating in the great Southwest natural gas belt, is always on the alert to make the rich resource of natural gas maximally beneficial to your community—and to you.

This map, based on a map published by H. J. Struth in *Natural Gas Magazine*, shows in black the principal natural gas producing areas of the country. The Southwest produces three times the amount of natural gas produced by the great California natural gas belt, and practically twice as much as the widely scattered eastern natural gas fields taken as a unit.

MARLOW

Rev. W. A. Criswell and Rev. Hill spent Saturday night with Sy Short.

We are sorry to report that there are several new cases of the flu.

Jim Harris and family of Curry spent Sunday with Mr. and Mrs. Ernest Walston.

Mrs. Minnie Lampkin and children of Cameron spent Sunday with Mr. and Mrs. Sy Short.

Frank Barrett of Yarrelton attended church at Marlow Sunday evening.

Among those who took supper with Mr. and Mrs. E. G. Coward Sunday evening were Mr. and Mrs. Virgil Coward, Mr. and Mrs. Jess Coward of Cameron; Rev. W. A. Criswell and Rev. Earl Hill of Waco; Miss Lennie Anthis, and Mr. and Mrs. Jim Coward and daughter, Wanda Lee.

Mr. and Mrs. E. E. Allison and family spent Sunday with Mr. and Mrs. Earnest Walston.

The B. Y. P. U. Day at the Marlow Baptist church last Sunday was a great success. Rev. Earl Hill, student in Baylor University of Waco, preached at eleven o'clock. After which a delicious dinner was spread and enjoyed by all. During the afternoon songs were sung and Rev. Hill, who is one of the greatest B. Y. P. U. workers in Baylor gave a very interesting as well as instructive talk on the subject, "B. Y. P. U. Work."

After more singing sides were chosen for a Bible contest. Questions pertaining to the Bible, beginning with Genesis, were asked by Rev. W. A. Criswell. They then adjourned for the remainder of the afternoon returning at 6:30 o'clock for the weekly B. Y. P. U. program. "The Book, Unhurt by Hostile Hammers," given by Avis Coward, group captain. Using five representatives of the Bible and two of the Hammer. Rev. W. A. Criswell then preached on "Youth."

EPISCOPAL CHURCH

Sunday, January 20th
Morning Prayer and Sermon at eleven o'clock.
Sunday School at 9:45 a. m.

JOHN B. VOGEL

John B. Vogel, son of Mrs. Cornelia Vogel of Cameron, died in McAlester, Oklahoma, January 12, at nine o'clock in the evening. He had been in ill health for more than a year and had been confined to his bed since November. Mrs. Cornelia Vogel received a message about ten days ago summoning her to him, and she was present when the end came. Burial was made in a McAlester cemetery.

Mr. Vogel was reared here, and had been in Oklahoma only since his marriage about fifteen years ago. He is survived by his wife and four children, Helen, Hildegrade, Jack and Betty Lou.

EXECUTIVE BOARD MEETS

The Executive Board of the Cameron Federation of Missionary Societies met at the home of Mrs. J. P. Love, Friday, January 11.

Miss Beas DuBois was elected superintendent of Social Service and Mrs. Howard Baskin superintendent of Religious Education.

The Federation will meet in quarterly session Tuesday, January 29, at the Christian church.

TRIPLE FOUR BRIDGE CLUB

At the regular meeting of the Triple Four Bridge Club Tuesday afternoon with Mrs. Claude Bradbury, Mrs. C. F. Green made high score and received a novelty pottery pitcher and Mrs. Clifton Jenness, who made low score was given a china oil bottle. Four games were enjoyed.

The hostess served a cheese salad, angel food squares, crackers and tea. Guests other than club members were Mesdames Stanton Dossett, C. F. Green, Eugene Green and James L. Coleman.

T. N. T. Club Dance at The Country Club

Friends of the members of the T. N. T. Club are receiving the following invitations:

"You are cordially invited to attend the T. N. T. Club dance to be given at the Cameron Country Club. Please present this card at the door. We are expecting you. T. N. T. Club. January 26, 1929, 9 p. m. 'till 12 p. m."

Plans for the dance were perfected at the regular meeting of the club held Monday evening, at which time the president, Dean Allen, presided. Preston Graves and Robert Smith were added to the membership. Moulton Cobb, editor of the Cameron Enterprise, talked to those present on the rather broad title of Business. He was elected Master of the club.

BAPTIST SOCIETY

The Woman's Missionary Society of the Baptist church met in circles Monday afternoon as follows:

Circle one, no meeting. Circle 2, Mrs. Wm. Henderson. Circle 3, Mrs. John Denson.

The time was devoted to Bible study with the book of Luke the subject. Mrs. Henley acted as leader in circle 2 and Mrs. Denson in circle 3. There were ten present in circle two and five in circle three.

The ladies will meet in circles again next Monday for mission study, the hostesses being as follows: Circle 1 Mrs. R. G. Grabein, Circle 2, Mrs. L. L. Blaylock, Circle 3, Mrs. H. R. Dobbins.

PRESBYTERIAN AUXILIARY

Members of the Auxiliary of the Presbyterian church met in circles Monday afternoon as follows: Circle 1 with Mrs. Jim Watson, Circle two with Mrs. Dan Tyson and Circle three with Mrs. G. E. Sutton.

Chapters three and four of the foreign mission study book were read and discussed and at the same time the ladies were doing their White Cross work for the Japanese hospital. This consists of bandages, towels, bed linens and other hospital necessities. Each auxiliary does a certain amount of this work, which is sent to the Presbytery and from there to the hospital.

Plans are already being made for the entertainment of delegates to the Central Texas Presbytery, which will convene in Cameron on April 4, 5 and 6. It is hoped that this will be one of the most profitable and enjoyable sessions that has been held in years.

TUESDAY BRIDGE CLUB

Miss Salie Kate McLane was hostess to the Tuesday Bridge Club this week at her home on West First Street. The four tables of players that gathered for the games included two guests, Miss Dallis Young and Mrs. John Muse. A bright fire burned in the large fireplace in the living room where the tables were set and in spite of the fact that it was bitter cold outside, everyone was reminded that spring is not far away because harbingers, in the shape of bowls of violets, were noted about the room.

It was announced that high score was made by Mrs. Dan Tyson and low by Mrs. Lloyd Mitchell.

The hostess served a delicious party plate consisting of creamed chicken in

patties, a salad, sandwiches, olives, crackers and hot tea. Mrs. Gaston Barmore, a member of the club who is a recent bride, was presented a book of recipes by the club members.

Early Rome Is Study Course for Delphians

Members of the Delphian Chapter studied early Rome at their regular meeting Tuesday afternoon at the Ada Henderson building. The general theme was the Rise of the First Republic. Mrs. R. L. Batte presided and Miss Winnie Henderson was leader for the afternoon. The program was as follows:

Resumes, Mrs. Floris Criswell.
Preparatory discussion:
The Significance of Rome, Miss Winnie Henderson.
Topics for report:
Italy in Prehistoric Times, Miss Winnie Henderson.
Rome, the Seven Hilled City, Mrs. Joe Denson.

The Age of Legend, Mrs. John A. Smith.

Inheritances from Regal Rome, Mrs. Joe Denson.

The Roman Republic, Mrs. Clarence Freeman.

The Status of the Plebeian, Mrs. W. F. Sharpe.

The Annexation of Northern Tribes, Mrs. E. A. Flinn.

The Subjugation of the Greek Colonies, Miss Winnie Henderson.

Early Roman Ideals, Miss Rose Risch.

General discussion:
Living Past, Mrs. R. L. Batte.

Mrs. John A. Smith will be leader at the next meeting.

Triangle Bridge Club With Mary Burnett

Using ferns and white narcissus as decorations, Miss Mary Burnett was hostess to the Triangle Bridge Club at her home Monday evening. Mrs. Earle Burke was winner of high score, receiving a potted pink geranium and Mrs. Hilton Culpepper, who won low score award was given novelty table markers. Table favors in the form of handpainted vases in carnation design were successfully cut by Miss Grace Eplen, Mrs. Duro Jenkins and Mrs. Earl Burke.

At the conclusion of the games, the hostess served a salad plate with hot chocolate.

Mrs. J. B. White Heads The Worthwhile Club

Mrs. J. B. White was elected president and Mrs. Dan Gunn secretary of the Worthwhile Club in regular meeting Friday at the home of Mrs. Conn Miller. Mrs. Charles Pollard was welcomed as a new member.

The hostess directed her guests in various games, after which she served a salad plate and dessert.

ATTEND CONVENTION

Rev. J. P. Love, Mrs. Love, Mrs. George Graves and Mrs. R. P. Jeter attended adult sessions of the Annual Council of the Episcopal church in this diocese which was held in Waco, January 11-15.

Rev. Chas. T. Warner of Washington, D. C., was the preacher of the morning sermon on Sunday and Dr. Glazebrook of New York City addressed the evening congregation on the subject of Evangelism.

Cameron representatives in Waco at the annual meeting of the Young People's Service League were Charlie Knipp, Robert Love, and Thomas Graves. In addition to the business of the sessions, there were inspirational addresses by nationally known speakers and the happy social features so acceptable on such occasions.

WILL PIERSON

Will Pierson, aged 56 years, who lived at Wilderville died at his home Monday afternoon. He was buried at Power's Chapel Tuesday afternoon at three o'clock. Mr. Pierson was a merchant and a prosperous farmer. Judges Jno. Watson and Jeff T. Kemp and others attended the funeral from Cameron.

WEAK, NERVOUS

Got Stronger After She Had Taken Cardui.

"For some time, I had been having an awful time with pains in my back and sides," says Mrs. Robert Creasy, of Quin, Mo. "This awful hurting would come on me, and I could find nothing to ease the pain. I was very weak and nervous. It looked like the least little thing would upset me."

"I tried many remedies, but nothing did me any good until I started taking Cardui. Cardui proved to be all that was said of it. I took it for several months, regularly. At the end of that time, I was in good health, and have been so ever since."

Try it. For sale at your druggist's.

Coleman & Eplen

When from out of the confusion of successive moments of sorrow during which your dearest ones have been laid away, you emerge, it is truly a most comforting thought to know that that sad event was most reverently and completely attended. We consider it our business, not by words of condolence, but by acts of thoughtfulness to be your most comforting friend during your hours of bereavement.

Misses Geraldine and Euline Slaughter and Lois and Ruby Robbins spent last week end at Baylor College, Belton, the guests of Miss Cornelia Gunn. While there they saw Fritz Leiber in his performance of "Hamlet."

Mrs. A. L. Wadzeck, W. A. Casey and Harry Davis of Rosebud were guests Sunday afternoon of Dr. and Mrs. C. F. Gyllenband.

Tom Howell Jr., has returned to Austin after visiting his parents, Mr. and Mrs. T. A. Howell last week.

W. O. Newton was called to Jacksonville last week end because of the death of his niece, Evelyn Smith, who passed away on Thursday.

Members of the Ladies Aid of the Christian church did not meet Monday because of the prevalence of influenza.

Jinks Denson left for San Antonio last Monday. Mr. Denson is attending a radio parts school there. He will return this week end.

Mrs. W. O. Triggs had charge of the mission study program at the regular meeting of the Methodist church Missionary Society which convened at the church Monday afternoon. A good number were present in spite of much illness among members of the church family.

Mrs. Lee R. Tag is employed for the present in the office of the county clerk.

SOIL SAVING DAM

ERODED FIELD

EXAMPLE OF WELL BUILT TERRACE

TERRACE BUILDING SPUR STATION

College Station, Texas, Jan. 15—Although in operation only a little more than a year, the state-wide terracing school campaign being fostered by the Extension Service of the A. & M. College of Texas to check soil losses from erosion on Texas farms has proved so effective that five other states have adopted the Texas plan. In addition the work of the Agricultural Experiment Station of the college in its soil erosion and water run-off experiments at the Spur substation in West Texas has attracted national attention, one of the most recent developments of which was the approval by one of the houses of Congress of an appropriation of \$160,000 to establish other stations throughout the country to carry on experiments similar to those being conducted at the Spur substation in Texas.

The Texas Extension Service plan of popularizing terracing as the most effective way of fighting erosion, arch enemy of the soil, provides for holding county and community schools to train farmers in the operation of the farm level, the laying out of terraces on sloping hillsides and the building of these terraces. The federal Land Bank, of Houston, is cooperating in this work.

"Such a system of county and community schools became necessary," said M. R. Bentley, farm engineer of the Extension Service, "because the demands of farmers for aid greatly exceeded the ability of the county agents to find time. Since beginning this work in the summer of 1927 with the active assistance of A. K. Short, of the Federal Land Bank of Houston, 167 county schools have been held with county agents in 125 counties with an attendance of 18,075 farmers, a large per cent of whom learned enough about terracing to carry on with help from their county agents. The effect of these schools was noted in the acreage reported terraced in 1927. More than 15 per cent increase was made over the previous year although the schools did not begin operation until late in the summer. Nearly 500,000 acres were protected from soil erosion through terracing in 1927." Mr. Bentley expressed the opinion that the total figure for acres protected by terraces for 1928 will run close to 700,000.

Joint Stock Land Banks in Texas have joined with the Federal Land Bank of Houston in cooperating with the Extension Service in arousing interest in terracing schools, Director O. B. Martin of the Extension Service has announced. Other states that have adopted the Texas plan through their Extension Services include Virginia, Alabama, Oklahoma, Kansas and Kentucky.

The experiments at the Spur substation of the Texas Agricultural Experiment Station have shown a surprising soil and moisture loss through erosion and water run-off, Director A. B. Conner of the Experiment Station has pointed out. First reports on the work at Spur, established in 1926 and under the immediate supervision of R. E. Ickson, superintendent of the station, showed that forty-two tons of rich top soil to the acre were carried away on land with a 2 per cent slope by twenty-five inches of rainfall in 1926. Loss of water in one instance ranged from 81 per cent to 93 per cent during a single rain. A sodded plot alongside lost only seven tons of top soil during the same period.

WHAT WE THINK

By FRANK DIXON

These darn roosters are just like alarm clocks. They wake everybody else up and then go back to sleep themselves.

Medicine science is becoming so comforting, we're told there is no such thing as pain. Now another eminent authority says a cold is not a cold. Soon the poor fellow with sciatica will be informed that he never felt better in his life.

At last a man has been found who has a good word to say for the saxo-

phone. "It is the only instrument," says a music instructor, "that sounds as well while you are learning to play as it does afterward."

While a party of Chicago women were playing auction bridge thieves picked up \$30,000 of furs and jewelry and then successfully executed the exit play. They were probably playing for two-bit prizes.

Thanksgiving, Christmas, football over, John and Miss Trumble announced, John Barrymore married, the flu in Hollywood abated, Al and Hoover resting, it looks like pretty dull times in this country for the next few weeks.

Count Karolji of Hungary has again been barred from the United States, illustrating again that this country is the premier barring country, bar none.

Home is still my idea of the best filling station and I patronize it three times a day.

We are not enthusiastic over this proposed 13-month year. 12 months a year of work satisfies us.

If fish were really brain food, the helpings should be larger.

The one woman voyager on the return trip of the German Zeppelin says that women passengers on these ships should wear heavy wool stockings. This slets these bare-legged girls out.

Evils cure themselves, and the age that produces girl bandits tends to styles that soon will leave no place to hide a pistol.

A good many of us select our religion like we do our clothes. We take the kind that fits us best.

If luck plays a part in anything in this wide world it certainly is in marriage.

One woman's line is another woman's sinker.

CLARKSON

Buck Bell and family were Sunday dinner guests of Newt Canady and family of Jones Prairie.

Ed McAtee and family of Burlington were Sunday dinner guests of Mrs. Herman Schwarting and family.

Durelle, Nadine and Merle Mitchell were callers at the D. B. Douglas home Saturday night.

Mrs. W. T. Johnson, son Barrett and daughter, Beulah were callers at the Schwarting home Sunday afternoon.

We are all sad over the loss of our loved friend Tio Janicek. Tio was a friend maker and had throngs of friends. Many hearts are made sad when they think of the friend they have lost. Tio was a friend to all the boys. He passed away Friday morning, January 11th and was laid to rest Saturday afternoon in the Burlington Catholic Cemetery. We wish to extend our heartfelt sympathy to the bereaved family.

Miss Lorene Cox is at home from her school in Rosebud with the flu.

Grandma Mitchell has been quite ill for the past week but we are glad to report she is some better.

Little Marcella Janicek had a relapse of the flu after the death of her brother.

Mrs. Herman Schwarting and daughter, Katherine and Mrs. A. L. Harris motored to Georgetown Thursday afternoon to visit in the home of Mrs. Jenkins. While there Katherine Schwarting and Mrs. Harris motored to Austin, visited Mrs. Harris' sister and father and also shopped some while there.

Those who were shoppers in Cameron the past week were: Perry Strickler and wife and Helen Jennings, D. B. Douglas, Mrs. Herman Schwarting, daughter Katherine, Mrs.

A. L. Harris, Howard Schwarting and wife, Walker Cox, E. F. Campbell, Jim Hank and Charlie Freimel.

Mrs. Arvel Canady and children were callers at the Tim Mitchell home Sunday afternoon.

Perry Strickler and wife were visitors out of the community Sunday.

Edgar Burnett of Houston was in our community Sunday.

August Knipp and wife attended the funeral of Mrs. Knipp's uncle of Yarrelton.

There is a new house going up on the Joe Schealer place for Mr. Schealer's father and mother.

Miss Beulah Johnson of Jones Prairie was the guest of her sister, Mrs. Howard Schwarting Thursday night.

Howard Schwarting and wife were Friday dinner guests of Mrs. W. T. Johnson of Jones Prairie.

Joe Hank and wife were visitors out of the community Sunday.

Ed Kinsey and wife were callers at the Schwarting home Saturday night.

BUCKHOLTS

Rev. and Mrs. Otto Schawe left this morning for Iowa to spend several days in the home of Mrs. Schawe's parents.

Miss Joe Williams, who has been a patient of the Cameron hospital, returned home Saturday.

Mr. and Mrs. M. G. Cox of Cameron and Mr. and Mrs. Cecil R. Criswell and Miss Mary Louise Elliott have returned from an interesting trip to the Rio Grande Valley and Mexico.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Dr. H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Dr. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

Senators From Texas

IN THE UNITED STATES CONGRESS 1845-1930

JAMES WINRIGHT FLANAGHAN
1870-1875

James Winright Flanagan was born in Gordonsville, Orange County, Virginia, on September 5, 1805. In 1814 he moved with his parents to Cloverport, Breckenridge County, Kentucky, where he received a limited education, and engaged in mercantile pursuits. He was justice of the peace from 1823 to -833, during which time he studied law and was admitted to the bar. He practiced in the circuit court at Breckenridge County, Kentucky from 1833 to 1843, when he removed to Harrison County, Kentucky. After spending one year there he settled in Henderson, Rusk county, Texas, where, it is recorded, he was the first to sell merchandise. He also interested himself in cotton planting.

Mr. Flanagan was a member of the State house of representatives in 1851-1852, and served in the State senate in 1855-1856. He was a presidential elector on the Fillmore ticket in 1857. In 1866-1868 he was a member of the State constitutional convention and in 1869 he served as lieutenant-governor of the State.

He was elected to the Forty-first Congress from the State at large, but did not take his seat in the House of Representatives. He was elected as a Republican to the United States Senate on the reconstruction of Texas and took his seat on March 31, 1870. He served as chairman of the Committee on Education and Labor, besides working as a member of the Committee on Mines and Mining and Post Offices.

When his term of office in the United States Senate expired, on March 3, 1875, Senator Flanagan retired to his farm near Longview, Texas, and occasionally appeared in court notwithstanding his advanced age of eighty years. He was an "Old-line Whig" before he united with the Republican Party.

Senator Flanagan died September 28, 1887.

Webster, a son of Senator Flanagan, was born in Cloverport, Kentucky on June 9, 1832, received a liberal education, studied law and was admitted to the bar in 1851. Webster Flanagan became a prominent politician. In 1865, he was made Judge of the 5th judicial district of Texas. He was elected to the State constitutional convention in 1869 and in 1871 he became lieutenant-governor of the State, an office which his father had held in 1869.

Webster Flanagan was chairman

of the Republican convention which met in Philadelphia in 1872. He served as a member of the Texas Senate until 1875. In 1880 he was a Texas member of the "Grant guard" at the Chicago convention. He was a delegate to the Chicago convention of 1884 and supported General Arthur, who appointed him collector of internal revenue for the 4th district of Texas in 1884 which office he held for a year and thereafter devoted himself to his stock farm, introducing fine horses and Jersey cattle into the State. From 1876 to 1880 Webster Flanagan was president of the Henderson and Overton railroad.

Lindbergh's Influence

"It it a tough job?" the plumber was asked.

"Naw," said he, "we ought to get it done in two or three hours."

"We? You and your assistant?"

"Me and me assistant, gosh!" answered the plumber, "Me and me wrench."

And he went back to his shop for it.

In No Danker

"Well," said the gladsome patriot, "we have saved the country again."

"The country is never really in danger," said Senator Sorghum. "On account of the swift pace it only gets nervous once in awhile."

TEACHER TO EXECUTIVE IN TWO YEARS

A few years ago, he was a country school teacher, drawing a meager salary six or eight months out of the year and discouraged with the outlook for the future.

Two years later, he was Deputy Collector of Internal Revenue for the District of Arkansas, with an all-the-year-round income many times that which he had drawn as a teacher. "I'm just beginning my career," he says.

One decision, a little determination, and the encouragement of a far-sighted little wife made this wonderful change in the course of his life.

His story may prove helpful to hundreds of others.

Raised on a farm and having attended country school until he had completed a two-year high school course, Lonzo A. Ross was twenty-one years of age before he "struck out for himself" as a country school teacher. For five years he followed this profession. Then, having taken unto himself a wife, he began to think a bit more about the future. He had made no progress as a teacher, although he liked the work. Encouraged by his wife, he decided to fit himself for a business position and enrolled at Tyler Commercial College, Tyler, Texas.

His first position upon graduation paid him a yearly salary more than three times that which he had drawn as a teacher. The following year he was appointed deputy collector of Internal Revenue—a position he could never have held but for his thorough T. C. C. training.

"At any cost, get a T. C. C. graduate," is his advice to employers. And

to teachers and other ambitious young people: "Get a T. C. C. training."

In the big illustrated book, "Achieving Success in Business" are printed scores of stories of men and women who have reached success as a result of training. The book is free. No obligation. Won't you let us send you a copy? Just clip the coupon be-

low and mail it today. (We have no branch schools. We lead; others follow.)

4 PER CENT ON TIME DEPOSITS

It grows old SLOWLY

It took twenty years of research by science to produce this improved sheet metal—Toncan Copper Mo-lyb-den-um Iron.

Whether for eaves trough, conductor pipe, gutters, flashing, ridge roll, roofing, siding, furnace pipe or for any other purpose where sheet metal is needed to resist rust and corrosion, Toncan will cost you less because it will outlast any other iron or steel.

Let us show you how we can save you money on all your sheet metal work.

Toncan Copper MO-LYB-DEN-UM Iron

The iron that stands first in quality.

The iron that will not rust.

We manufacture cisterns in any size up to 250 bbls., size.

We are expert roofers on TONCAN or Tin Plate Sheet Metal; no job too small or large, we are prepared to do this work.

Ask the Cameron Furniture Co. We have completed a large job for them. Ask them if we had a leak?

Ask them our record breaking time in doing this work.

If you have a roof that needs attention or examination write us or phone. Day 135; Night 301

Reese

(continued from page 1)

gan an intensive study that led him to make it a life work. He took an intensive course of study under Professor White of the University of Louisiana covering production plant management and manufacture of milk products in all phases. He was now superintendent of the Delicia Milk Products Company. He first learned about this business by making ice cream in which he attained some measure of distinction.

The field opened up to him. He began to see that there was an opportunity as well as an industry that is bound to grow. Texas alone, he reasoned was importing \$18,000,000 worth of milk products each year, or 21 months he stayed with this plant, all the time preparing for his day.

He came to Cameron for a short period of time. He returned there on February 1, 1927 and again became superintendent. Back in 1926 while he was with this plant he went to Madison, Wisconsin where he took an intensive course in plant management and ice cream manufacture.

He remained with this firm until September 1928 when he came to Cameron on invitation of the men of Cameron who are building the plant here. Realizing that he should be prepared in every way and wishing to keep abreast of the times he went to Mississippi on the first of October and remained until the first of December where he took a course in cheese manufacture, a branch of the industry the Cameron men had originally taken under consideration.

While there he assisted in conducting test associations to determine whether cows are paying for their keep and making profits or just boarding with the farmers. He has in this and in other ways mastered the business and will bring to the management of the plant here a rich store of learning on the subject as well as the enthusiasm of his youthful determination.

Kenney

(continued from page 1)

day that I would preach again. So far as I knew my ministry was ended, but I am back with you and I am happy to be here. My subject tonight will be "Excessive Victories." This sermon was prepared for delivery a week ago and I assure you it will have nothing to do with what transpired during the past week," he concluded in his only reference to the heresy controversy.

Last Tuesday in Temple Mr. Kenney had his reckoning at the bar of orthodoxy. He stood with resolute spirit and in flaming eloquence to sustain the views of modern scholarship and in the behalf of many here wrote a new chapter in the history of the Central Texas Presbytery.

This kindly man with soft, vibrant voice stood again in the pulpit of the little church Sunday to keep faith with his flock and to hammer away at the obscuring dogmas which he declared have almost made it impossible for Jesus to find a place in the world today.

As he thundered away in his superb way at the distressing phenomenon of doctrines that "makes men Presbyterians first and Christians second," one could picture a student of art brushing away the senseless daubings of the smuggler of paintings, to reveal the matchless inspiration of the masters of the canvas.

Dr. Kenney is only 39 years of age but he has lived much. A shock of reddish brown hair now begins to gray at the temples.

"Dead centuries and equally dead dogmas" do not appeal to him. His

is the flaming spirit of the borderland. "I love my fellows and my age," he declared.

"All men who have discovered the new are heretics. It is true they have defied traditions and they have worn upon their heads the crown of thorns in every age, but they found truth and discovered new things.

"I am more interested in truth than tradition," he said with characteristic fire.

"Civilization has followed the footprints of heretics. They are the trail blazers of man's immortal pilgrimage.

"Orthodoxy is stagnation and wherever in the history of the race it has fastened itself upon a man's spirit sufficient to arrest his quest for truth and knowledge, it has brought decay."

"The heretic defies the breakers to hold out the light to a ship that is tossed."

Dr. Kenney declares that he sees signs of "breaking through" of the spirit of liberalism. "The churches are finding it hard to appeal to the people at large. The centuries old program of mass thinking and of conformity is doing more to level out the intelligence of men than any other of the multitude of things that are crushing Christ. Thinking cannot be standardized. Every man must have his individual approach and men everywhere are rebelling against the attempt to drive men out of the church who assert independence and follow the quest for knowledge though they desert the beaten path."

Former Resident Here Visits With Friends

J. E. Taylor of Oklahoma City, was in Cameron Monday on business and to visit again the scenes of his early manhood.

He was a resident here from 1895 until 1896 and began the study of law under the late John C. Oxenford. Thirty-three years have brought many changes he says and many new faces. Many of his old friends are seen in Cameron he declares. He is a former newspaper man and at one time owned the Mangum Star at Mangum, Oklahoma.

He has been engaged in the bond business for the past 20 years. The firm name is Taylor and White.

Better Service and More Tire Mileage

Changing tires around from time to time will result in longer tire life and better all 'round service, according to Bismark Horstmann of Horstmann Brothers Firestone dealers in Cameron.

"When a motorist buys a new spare, we recommend that he put it on the right rear and give that tire a rest for a while," he stated. "The other tires should be changed, too, left front to left rear, etc. Each wheel puts certain strains on a tire different from that of the other wheels, and by using the tire on each in turn the wear is evenly distributed and the tire lasts longer and gives better service.

"It is also important to have tires locked over frequently for minor cuts and bruises, etc., and to have small repairs made promptly. Tires should be inflated to the correct pressure as under-inflation of a few pounds will often result in the loss of hundreds of miles of useful service. Valve caps, screwed down tightly by hand, should always be used to prevent air leaks.

"If motorists will give their tires ordinary care and attention they will have less trouble and enjoy greater tire satisfaction."

J. F. Cato is visiting his son, Roy Cato of the Midget Cafe. Mr. Cato is a former resident of Heidenheimer.

JONES PRAIRIE

By MRS. R. K. FONTAINE

Rev. Dobson preached at Little River Sunday.

Pool Jamison is now employed in Gulf, Texas.

Jewelle Hickman spent Sunday with Selma Jamison.

Mr. and Mrs. Alfred Wall and daughter and Miss Daphne Bailey spent the week end at the Geo. Smith home.

Mrs. W. T. Johnson and Lucille and Mrs. Rodney Fontaine were callers at the Schwarting home in Clarkson Tuesday afternoon.

Shoppers in Cameron Saturday from Jones Prairie were: Will Harper and family, C. C. Black, Mrs. W. T. Johnson, Lucille Johnson, Ben Massengale, Mrs. Rodney Fontaine, Bill Fontaine, Alma McKinney and Miss Ethel McKinney.

Mrs. R. K. Fontaine and Maudie Canady were visitors at the S. S. Hickman home Sunday afternoon.

Miss Inez Newman was absent from school last week on account of flu. Miss Etna Love taught school in her place.

Miss Nell Mays was absent from school last week on account of flu.

Rev. Dobson was a Sunday dinner guest at the Archie McLerran home.

Russell Bailey of Hearne was a Sunday visitor in this community.

Connie Mae Hickman of Ben Arnold spent the week end at home.

Elva Love of San Marcos spent the week end at home.

Vernon and J. P. Fontaine were

callers in Cameron Monday morning.

Rev. Dobson called at the Hickman, Thrasher and Rodney Fontaine homes Sunday afternoon.

Miss Ethel McKinney attended the officers meeting at Cameron Saturday for the Milam county club work.

Ollie Mae Smitherman has been unable to attend school for the past week on account of flu.

Birt Thrasher and family have moved into the teacherage.

The Worthwhile Club met January 14, at Mrs. Ben Stidham's.

Mrs. P. McKinney has been quite ill the past week.

INJURED IN WRECK

Ed Brod narrowly escaped serious injury on last Friday when his car was hit by a truck driven by Mr. Tomlin near the Methodist parsonage. Mr. Brod was pinned underneath the car as it turned over from the impact. A Mexican boy in the car with Mr. Brod was uninjured. Mr. Brod was taken to the hospital for treatment.
